

## 55th True God's Day Midnight Prayer and Address

Remembering TRUE FATHER'S VISITS to Chung Pyung --> the New One!

*And he took a child and put him in the midst of them, and taking him in his arms, he said to them, "Whoever receives one such child in my name receives me, and whoever receives me, receives not me but him who sent me."*

*John said to him, "Teacher, we saw someone casting out demons in your name, and we tried to stop him, because he was not following us." But Jesus said, "Do not stop him, for no one who does a mighty work in my name will be able soon afterward to speak evil of me. For the one who is not against us is for us. For truly, I say to you, whoever gives you a cup of water to drink because you belong to Christ will by no means lose his reward.*

*"Whoever causes one of these little ones who believe in me to sin, it would be better for him if a great millstone were hung around his neck and he were thrown into the sea. And if your hand causes you to sin, cut it off. It is better for you to enter life crippled than with two hands to go to hell, to the unquenchable fire. And if your foot causes you to sin, cut it off. It is better for you to enter life lame than with two feet to be thrown into hell. And if your eye causes you to sin, tear it out. It is better for you to enter the kingdom of God with one eye than with two eyes to be thrown into hell, 'where their worm does not die and the fire is not quenched.' For everyone will be salted with fire. Salt is good, but if the salt has lost its saltiness, how will you make it salty again? Have salt in yourselves, and be at peace with one another." Mark 9:36-50*

*The only reason we can continue is that the cause which we champion is so priceless that nothing under the sun can be compared to it. Furthermore, when we realize how much our Heavenly Father suffered to prepare for the Messiah then nothing else matters. Death is not a problem; controversy is not a problem. The opposition of nations is not important. That's the value of God's Love. SMM, God's Day 1-1-78*

Hello,

In his sermon, Hyung Jin Nim started by discussing a book on Parenting recommended by Queen Yeonah Nim. Children know they can attract parents' attention when crying. Better not to react to a child's tantrum. Just reacting emotionally will teach child that he's living in a random, not principled, environment. Not reacting will teach child that acting crazy does not help. Parents must have Godly dominion over children, not the reverse.

Jesus taught us to love our neighbors. Remember that your spouse is your closest neighbor. It's important to do things and train together!

If not entering a technical field such as engineering, medicine, or law, becoming an apprentice may be better way to build a career without the burden of college debt. Colleges also have an unwritten curriculum of hedonism, atheism, leftism, which are damaging to long term happiness. Instead learn to invest in long-term assets.

Besides giving talks, day in day out True Father spent his time outside in nature, not indoors. Nature teaches us that we are not God, that there are potentially serious or even lethal consequences to our actions. The leading cause of death in the outdoors is hypothermia. It's important to prepare if you want to enjoy yourself in the outdoors.

True Father took Hyung Jin Nim and his brothers to the Amazon jungle. That's where he started his fascination with animals. They spent 3 months learning about alligators, anacondas, etc.

There was room for 3 people on the small boats. They would leave at 5am and return when the sun was setting. He enjoyed wacking the alligators on the head. No one told them before they were running on the shore there were stingrays on the sand. One sting can kill you. Amazing they were not hurt. They must have been under Heavenly Father's protection!

Owning and developing land is part of sovereignty. Raising animals and earning to raise your own food is great training! [Research shows that having animals in the home](#) can buffer and reduce stress in the family.

Jesus has a special love for children. They should not just be raised as workers or tools of the state, but as future citizens of God's Kingdom. Even if you don't like your neighbor or agree with his views, you should still protect him or her as a citizen in the Kingdom of God. Learn to be a principled person.

He praised the ["Freedom Convoy" truckers](#) for standing up against tyrannical measures in Canada. The truth about Covid 19 and vaccines is coming out. Important to look at disease and how to best respond from a Macro level. Shutting down a whole community is very damaging!

We need to judge objectively. Ask yourself- if your child committed a crime, would you be partial or objective? Would you be biased or think about the good of the whole community? The Leftists refused to punish the rioters in 2020 because the chaos served their agenda.

Praise God for the hopeful things happening around the world, but still be prepared for unhopeful things!

**Remembering True Father's Visits to Chung Pyung**

by Miho Panzer

Every day snow is falling. The ground is completely white. A snow flake floats in the air, dancing from heaven. The earth becomes a holy ground. The lake is covered with ice. Also, the river as well. My memory is coming back now about True Father.

In 1978 True Father was living in America, but he visited Korea often. He would go first to Hamandong in Seoul and then drive for 5-6 hours on winding country roads to Chung Pyung. He would stay at a small house by the lake and sit on a square bench in the front, even in the middle of the winter when the lake was frozen solid. (I remember one day I saw the lake was so frozen that a farmer was crossing with a

huge ox pulling a cart filled to the top with hay.)

When True Father woke up in the early morning, I would bring warm water heated on the fire with a towel for him to wash his face. Every morning I would say, "Abonim Annahassayeo!" and offer him the towel and warm water. Father would respond and say "Anyong" with a big smile.

There was an old man taking care of the house. He always kept a candle burning where he would pray for Abonim. He was raising a dozen chickens. When Father came, the next day he would prepare a delicious chicken soup. I was moved by his cheonsyeong offering to Father.

Father would invite him to eat a meal together by the fire. Outside the warm towel hanging to dry had become like a solid piece of wood. Every day was a challenge. I will never forget that kind of training in the cold winter.

In the spring True Father liked to go hunting for pheasants in Cheju Island further south. I remember the sound of Father shooting "pum, pum, pum" in the air and the bird falling to the ground. Father really loved to be out in nature.

### **Reflections on 55th True God's Day at the New Chung Pyung**

A new history started with this True God's Day observance in Tennessee. Heavenly Father gave us a beautiful mountain in Thorn Hill. A few months ago, on October 14, the day True Father was released from Hung Nam prison 7 decades ago, we held a Blessing ceremony. My husband, Richard, was climbing the mountain the day before, but when approaching the top, he was stopped by the impenetrable thorn bushes. In my mind those thorn bushes represented the suffering path Jesus had to walk when he wore a crown of thorns on Golgotha.

Since that time Hyung Jin Nim has been leading many volunteers, mostly from Japan and Korea, to clear the path to reach the top of the mountain, with the first part called the "Trail of Tears." When the winter ends they will work on clearing the "Trail of Victory." After that, they will work on the "Trail of Ascension."

In the Spring, whoever loves nature and wants to meditate on the Trail of Tears, with markers depicting the early suffering in True Father's life, will be able to walk there and learn about his life. Near the trail, there is a cemetery of unmarked head stones of soldiers from the North and the South who fought during the Civil War. They paid for the sin of slavery in the USA with their own lives. That is being restored as well.

During the past several months, brothers led by our brother Joe Dispenza worked day and night to build the Welcome Center near the entrance to Chung Pyung. They were painting the inside of the building the same day we were to hold the midnight prayer of True God's Day! I thought it was a miracle that everything could be finished in time! Many brothers and sisters could really feel the Holy Spirit during this special True God's Day celebration, which for some reason was not being celebrated this year by the Family Federation in Korea.

I was wondering why the 2nd King was rushing to finish that before the Holy Day. The thought came to

me that in 1951, after escaping from Hung Nam prison, True Father traveled to the South and built a cardboard hut on a hillside in Pusan. He began preaching and teaching from that hut in 1952 where he met his first disciple in South Korea, Hyun Shil Kang (whom Sanctuarrians now recognize as True Mother). Now, 70 years later the 2nd King is building the new Chung Pyung in Tennessee.

Satan stole the Korean Chung Pyung. True Father's spiritual foundation and victory have moved to America, which under the leadership of Father's anointed heir, Hyung Jin Nim, God wants to re-bless as a Christian nation and "bride of Christ." Thank you, Heavenly Father, for your guidance and protection in this tumultuous time! We are looking forward to working with the 2nd King and Queen and many new brothers and sisters to build your Kingdom on earth, as in Heaven.
