2nd King and Queen Arrive in Korea!

That which was from the beginning, which we have heard, which we have seen with our eyes, which we looked upon and have touched with our hands, concerning the word of life -- the life was made manifest, and we have seen it, and testify to it and proclaim to you the eternal life, which was with the Father and was made manifest to us -- that which we have seen and heard we proclaim also to you, so that you too may have fellowship with us; and indeed our fellowship is with the Father and with his Son Jesus Christ. And we are writing these things so that our[a] joy may be complete. 1 John 1:1-4

If you really know your own position, you know you have nothing to say about God, no complaint to make. That has been man's position. All men have been living in the dungeon of hell in complete darkness, but a ray of light is coming down from heaven so that we can be restored into the highest part of heaven. It is indeed the most unbelievable grace that we can imagine. We must grab it at any price. SMM, The Dignity of God and Man 4-1-77

Hello,

The first BREAKING NEWS is that the VICTORIOUS LORD OF THE SECOND ADVENT lived during our lifetimes! What an incredible gift we have been given!

The **second breaking news** is that Hyung Jin Nim and Yeonah Nim, whom True Father anointed in 2009, have arrived in Korea to begin their speaking tour and where they will be attending the inauguration of President Yoon, who ran on a pro-freedom platform.

The Sunday Service started with a pre-recorded video of Hyung Jin Nim explaining that their trip to meet with brothers and sisters in Korea comes on the foundation of Sanctuary's victory in the Family Fed lawsuit seeking to bar us from using the Tongil symbol and the term "Cheon Il Guk" (Kingdom of Heaven or Heavenly Nation). Faithful Unificationists may want to ask themselves why Hak Ja Han's predictions of an era of world peace have not been fulfilled? (See the text of her speech on April 17, below, for answers.)

The federal judge has now ruled that we are free to use the symbol and all of True Father's words. Since the Only Begotten Daughter's church no longer sells the original Cheon Seong Gyeong collection of True Father's teachings, we will be printing this, the original Divine Principle, and the rest of the [Eight Great textbooks](#).

I (Richard Panzer) was asked to give the rest of the Sunday Service, and started with a discussion of the scripture in John 11:45-50:

Many of the Jews therefore, who had come with Mary and had seen what he did, believed in him, but some of them went to the Pharisees and told them what Jesus had done. So the chief priests and the Pharisees gathered the council and said, "What are we to do? For this man performs many signs. If we let him go on like this, everyone will believe in him, and the Romans will come and take away both our place and our nation." But one of them, Caiaphas, who was high priest that year, said to them, "You know nothing at all. Nor do you understand that it is better for you that one man should die for the people, not that the whole nation should perish."

Instead of celebrating the fact that Jesus was healing the sick and giving people rebirth through his words and teachings, the high priest, Caiaphas, saw everything through a political lens. This is the characteristic of fallen leaders, who think mainly of their own political power, position and wealth instead of serving the people and building a Godly world.

Next we watched True Father's speech at Washington Monument in 1976, the 200th anniversary of America's Declaration of Independence, where he called on America to return to the God-centered spirit of those who came to America for religious freedom. Father spoke about the need for the USA to embrace Godism, an absolutely God-centered ideology, and to liberate the enslaved people living in the Communist world. Fifteen years later, the Soviet Union was disbanded and the Eastern Bloc nations were allowed to choose their own leaders and form of government.

Afterwards, I discussed--why is it important to embrace a God-centered perspective? Believing in the

God of the Bible impacts our lives in many ways. It · **Affects our view of truth**- faithful Jews and Christians affirm that truth exists, unlike the postmodern view that there is no truth, just self-interested claims about it. People who reject God often think that they are gods who have the right to control what others are allowed to say and do. They have contempt for the idea of "God-given" rights, as inconvenient road blocks which stand in the way of their "progressive" state-centered agenda.

· **Affects our choices**, guiding us to choose what is right instead of what is expedient.

· **Affects how we look at and treat others**, since instead of seeing others as either part of or not part of our "group" we see them as the children of God. Jesus embraced the hated Samaritans, prostitutes, lepers and the disadvantaged and challenged the powerful when they ruled unjustly.

· **Affects our view of history** since Jews and Christians do not have a fatalistic view of history as never-ending cycles, but see history as the unfolding of God's providence to achieve His purpose on earth.

There are deep reasons why **modern science, free enterprise and political freedom** as we know them developed in the Christian nations in Europe, not in the Buddhist, Confucian, or Hindu nations in Asia, or in the Islamic nations of the Middle East. For more information, see Rodney Stark's book, *The Victory of Reason: How Christianity Led to Freedom, Capitalism and Western Success*.

While the mainstream media emphasizes bad news, we should not neglect to learn about how God is working behind the scenes. For instance, more than 100 million Chinese living in Communist China have embraced Christianity, with many praying for 2 hours early in the morning before going to work. (see video above)

Then, two videos were shown of people who had experienced "going to Hell." In the first, Howard Storm explained how he watched his own dying body in a French hospital. At first he was relieved to feel no pain, but then alarmed when he found himself being dragged away and abused by dark spirits.

In the other video a committed Christian describes her experience of being sent to Hell for her sin of "unforgiveness."

The sermon concluded with a reading of a statement by researchers at the Chinese Academy of Social Service in Communist China.

One of the things we were asked to look into was what accounted for the success, in fact, the pre-eminence of the West all over the world. We studied everything we could from the historical, political, economic, and cultural perspective. At first, we thought it was because you had more powerful guns than we had. Then we thought it was because it was because you had the best political system. Next we focused on your economic system. But in the past twenty years, we have realized that the heart of your culture is your religion: Christianity. That is why the West is so powerful. The Christian moral foundation of social and cultural life was what made possible the emergence of capitalism and then the successful transition to democratic politics. We don't have any doubt about this.

Unfortunately, instead of embracing and affirming the Christian foundation that has led to America's freedoms, prosperity and success, the Chinese Communists, like the high priests and Roman rulers of Jesus' time only see faith in God as a threat to their own positions and power.

May God bless you and your families!

Sincerely,

Richard

It is the scripture of the spiritual world that is the map that can lead all people to everlasting heaven, so we have to read it forever. It is the path to establish our eternal homeland that God governs. If we do not know heaven in the spiritual world, how can we go there? Exposition of the Divine Principle

From the Preface to Exposition of the Divine Principle:

"The text which you hold in your hands contains the Divine Principle, the teaching of the Reverend Sun Myung Moon. The earliest manuscript of the Divine Principle was lost in North Korea during the Korean War. Upon arriving as a refugee in Pusan, Reverend Moon wrote and dictated a manuscript called Wolli Wonbon (Original Text of the Divine Principle). He then guided Hyo Won Eu, the first president of the Unification Church of Korea, to prepare more systematic presentations of his teaching with biblical, historical and scientific illustrations. Reverend Moon gave President Eu special instruction regarding the content of these texts and then checked them over meticulously. These efforts resulted in Wolli Hesul (Explanation of the Divine Principle) published in 1957 and Wolli Kangron (Exposition of the Divine Principle) published in 1966. For the past thirty years, Wolli Kangron has been the text of Reverend Moon's basic teaching. Exposition of the Divine Principle is the new authorized English translation of Wolli Kangron."

True Family: Gateway to Heaven

Published January 30, 2009.

From the Foreword to True Family: Gateway to Heaven:

"Introduced in this book is a part of the historical and providential special messages from Heaven. They are the messages from Heaven that Rev. Moon, who received the calling from Heaven at the early age of 16 and set out on the path of the salvation of humanity, has declared and taught before all humanity in the world in his 90 years of lifetime.

The teachings of Rev. Moon have already been published in more than 1000 speech books. This pamphlet is an excerpt from the Cheon Seong Gyeong, a volume of 16 books comprising 'the holy book for the Kingdom of Heaven,' as it is described by Rev. Moon. This pamphlet's first chapter is the first section of the first chapter of Book 5, 'Earthly Life and the Spirit World.' This pamphlet's Chapter 2, 3 and 4 are the third, fourth and fifth chapters of Book 4, 'True Family,' of the Cheon Seong Gyeong.

Out of the many teachings imparted by Rev. Moon in the last few decades, the contents of this pamphlet sums up the love as originally created, that is, the love between a true man and woman centered on true life and so forth. It is a collection of the words given from the 1950s for decades until now, under the same given subject, and so it is somewhat repeated, and the reader may feel that the same words are given again and again."

The Family Pledge

"The Pyeong Hwa Shin Gyeong is the essence of the Cheon Seong Gyeong, and you have to know that the Family Pledge comes from the Pyeong Hwa Shin Gyeong and the Cheon Seong Gyeong."

The Words of True Mother Hyun Shil Kang (pdf)

Hyun Shil Kang was True Father's first disciple in South Korea. As a young Presbyterian evangelist, she visited his mud hut in Pusan in order to witness to him. Instead, she joined True Father in his mission. A faithful disciple of Reverend Moon for 65 years, Hyun Shil Kang became the victorious, eternal True Mother of humankind on September 23, 2017. On that day, she humbly accepted the calling to become the bride of the King of Kings, True Father Sun Myung Moon.

The messages contained within this book reveal the mind and heart of a devout Christian who dedicated her entire life to loving God and humankind. Her absolute faith in True Father as the returning Lord, and in the Second King as his representative, sets a beautiful example for the world to follow.
