South Korea Must Prepare to Defend Itself

Lord, you were favorable to your land; you restored the fortunes of Jacob. You forgave the iniquity of your people; you covered all their sin. Selah. You withdrew all your wrath; you turned from your hot anger. Restore us again, O God of our salvation, and put away your indignation toward us!

Will you be angry with us forever? Will you prolong your anger to all generations? Will you not revive us again that your people may rejoice in you? Show us

your steadfast love, O Lord, and grant us your salvation. Let me hear what God the Lord will speak, for he will speak peace to his people, to his saints; but let them not turn back to folly. Surely his salvation is near to those who fear him, that glory may dwell in our land. Steadfast love and faithfulness meet; righteousness and peace kiss each other. Faithfulness springs up from the ground, and righteousness looks down from the sky. Yes, the Lord will give what is good, and our land will yield its increase. Righteousness will go before him and make his footsteps a way. Psalm 85

Again, I must say that the secret of Jesus' success in God's sight is that he was ever patient, and he was sacrificial for humanity. Even, praying in Gethsemane Jesus said, "If it be possible, let this cup pass from me. But not as I will, but as Thou wilt." That's the point. If he kept saying, "Let this cup pass from me. I will not receive this cup. I will have nothing to do with it," he could have been a failure. But his idea was, "Not as I will, but as God wills." That's what makes Jesus a sacred person. Even at the moment of death he blessed his enemy. SMM, On Approaching God 3-3-75

Hello,

During the Sunday service we watched a prerecorded video of the 2nd King from a beautiful location in the southern part of Korea. Here are highlights from his message:

On the foundation of the victory in having a federal judge dismiss the Family Fed's lawsuit against Sanctuary, Hyung Jin Nim came to Korea to lift up those who have been faithful to Father's will since his passing.

South Koreans should want to seek the same constitutional rights that Americans have benefited from. Koreans were enslaved by larger nations countless times over thousands of years. This has led to a subservient mentality. In the past century Christianity has spread to 30% of the population, followed by unprecedented prosperity since the end of the Korean war. The current population cannot even imagine having 2nd Amendment rights which were only gained for the USA because America's founders risked everything to fight against the largest empire in the world.

Koreans are hardworking, but are mostly unaware of the threat of a potential world war involving Russia, China vs America and the West. There's a real danger of the Russia-Ukraine conflict escalating into a nuclear war.

After reading Psalm 85 out loud he commented that the Israelites had turned away from God and his commandments while making child sacrifices to pagan gods.

America is now embroiled in protests about the impending Supreme Court decision to rule the 1973 Roe v Wade decision unconstitutional. That would return decisions about abortion legalities to each of the states.

It's a sad reality that for many decades America has spread corrupt cultural values around the world, with abortion as the "sacrament." The American Left is waging war on natural marriage, male and female identity as well as the unborn. Their anti-Christian worldview starts with a rejection of, and hatred towards, God. That is why they feel free to lie and to steal elections in order to control the population.

The 4 horsemen spoken of in the Book of Revelation, including Communist China, militant Islam, corrupted Intelligence agencies and world bankers, are working together to weaken and undermine the U.S. If they are successful, despotism will fill the vacuum.

It's unbelievable that the Han mother sued her own son, even though True Father decreed in 2010 that anyone who rejected the anointed son is a heretic and destroyer. Hyung Jin Nim begged his mother not to reject True Father's clear wishes, but she didn't care. Hyung Jin Nim did not crown himself. Why did Father choose him? Because he knew that his youngest son would not betray him. Because of God's anointing, Hyung Jin Nim will stand with his father no matter what.

It would be good to organize a Rod of Iron Freedom Festival in Korea. We could invite the Airsoft community and others who are interested in self-defense. Since all Korean men are required to serve in the military, giving those who graduate from military service the right to keep firearms at home, like in Switzerland, could discourage an invasion from the north.

In the years before True Father passed, after making our church businesses profitable, Kook Jin Nim had significant outreach and relationships with the largest businesses in Korea. He was also giving the Strong Korea lectures to top level military and political leaders.

The Korean people should be preparing for the possibility of war. No commentators are warning them about this. There is a danger that South Korea will turn away from USA to embrace Communist China. This is the opposite of God's purpose to establish a world of freedom, justice and brotherhood.

Despite the dangerous time we are living in, it's important to train together, enjoy spending time with our spouse. Through the power of God, we want to raise new kings and queens to fill the earth!

May God bless you and your families!

Sincerely,

Richard
