Rod of Iron Ministry - Caused by Hak Ja Han?

In the seventh month, on the twenty-first day of the month, the word of the Lord came by the hand of Haggai the prophet: "Speak now to Zerubbabel the son of Shealtiel, governor of Judah, and to Joshua the son of Jehozadak, the high priest, and to all the remnant of the people, and say, 'Who is left among you who saw this house in its former glory? How do you see it now? Is it not as nothing in your eyes? Yet now be strong, O Zerubbabel, declares the Lord. Be strong, O Joshua, son of Jehozadak, the high priest. Be strong, all you people of the land, declares the Lord. Work, for I am with you, declares the Lord of hosts, according to the covenant that I made with you when you came out of

Egypt. My Spirit remains in your midst. Fear not. For thus says the Lord of hosts: Yet once more, in a little while, I will shake the heavens and the earth and the sea and the dry land. And I will shake all nations, so that the treasures of all nations shall come in, and I will fill this house with glory, says the Lord of hosts. Haggai 2:1-7

Why does God require us to have obedience? It is not for the sake of God's joy but for the sake of man's joy. God puts men and women in the position of His ideal objects and gives them the responsibility of completing the purpose of recreation. Thus, people must push away and overcome the factors of the fall. Because the fall originated from disobedience, God must order us to have absolute obedience as a necessary condition to restore this.

Hello,

Saturday's rally in Tokyo at the Dai-ichi hotel and Sunday sermon were great successes, with 14 new young couples blessed and several hundred returning to True Father's authority. Yesterday, Hyung Jin Nim and Yeonah Nim flew to Kumamoto. Tomorrow there will be a rally in Kyushu.

Here in the U.S. we listened to his message, recorded in a beautiful bamboo forest owned by Baptist missionaries. He started by discussing the resistance to Christianity in Japan due to the Shinto religion, which worships a human hierarchy embodied as the "Emperor." He warned against anyone worshipping *him*. We should worship God and Christ, no one else.

While exercising, Hyung Jin Nim damaged his back and is receiving acupuncture. Father is taking away his physical strength so he will depend on spiritual strength from God, not his own.

What amazing victories in America with last week's Supreme Court decisions removing restrictions to Concealed Carry and to school vouchers being used by students who wish to attend religious schools, and especially the overturning of Roe v. Wade!

Mark 9:42-50 tells us to cut off from anything that will drag us into hell. We must resist the bad sex coming from the Fall, the demonic culture of transgenderism, etc. In reality, the Left in America loves guns, but only when employed to ensure the power of the State. Hollywood is the Left's praise and worship team. Mainstream media is their evangelism team.

Licentious and hedonistic people are easier to dominate. But the Leftist attack on our values and institutions is backfiring. The American people are waking up and resisting.

The origin of our freedoms is the thesis that we are created in the image of God. It starts from the Logos that is made into flesh.

Hyung Jin Nim saw a lecture by Jordan Peterson and an A.I. (Artificial Intelligence) scientist. They have learned that we do not just see objects and then impute meaning. They discussed a visual cliff experiment with 6-8 month toddlers. The toddlers see meaning first, and then objects. They see a "falling off" place first. Humans are born with the ethic of "aiming." Eating an apple lets us live and living has a purpose. We can die if we aim incorrectly. Human nature is the opposite of deterministic, materialistic narratives.

When we look up at stars we feel awe. We want our mind to be like that. We too aspire to be like God and Christ. Let Christ live through me. Those who are thirsty for God can drink and never be thirsty.

God teaches us mercy and justice. The Fatherly spirit pushes us to become better. God is calling back his sheep. They are hearing his voice.

Many brothers and sisters, especially in Family Fed, are struggling with the concept of the Rod of Iron Ministries. It was founded by Hyung Jin Moon based upon True Father's guidance. It recognizes that the right to self-protection and being prepared for a violent Last Days is increasingly important in God's Providence in these times.

Many believed that with the Second Coming of Christ that the Kingdom of Heaven was going to be automatically accomplished by true love and God's intervention.

We know that Jesus preached for the majority of his ministry that the Kingdom of Heaven was at hand and it was a kingdom of true love. Surely, at the Second Coming the Kingdom of God's Love will be established. The expectation is that it will be relatively easy because God will take most of the responsibility.

Unfortunately, at Jesus' coming, the faithlessness of the people and particularly John the Baptist led directly to the way of the cross and crucifixion for Jesus. Because of faithlessness, God's hedge of protection was not sustained and the forces of evil were able to commit great violence against God's chosen people.

At the end of the Last Supper, Jesus' words to his disciples were about taking up weapons.

"Then said he unto them, But now, he that hath a purse, let him take it, and likewise his scrip: and he that hath no sword, let him sell his garment, and buy one." Luke 22:36

So now we are in the age of the Second Coming. What has changed? Will God do everything? Is faithfulness by chosen people somehow automatic this time around? No.

Are the chosen people of this age going to manifest a greater faith than the many generations that went before them, somehow magically breaking the age-old string of failures?

The faith of the chosen people is the pivotal razor's edge that determines the progression toward the coming of God's Kingdom. It was true 2,000 years ago and it is still true today.

Looking at the lifetime of the Returning Jesus, Sun Myung Moon, we see his whole lifetime was constantly filled with faithlessness by the people chosen to believe in and follow him.

Are the chosen people of this age going to manifest a greater faith than the many generations that went before them, somehow magically breaking the age old string of failures?

The faith of the chosen people is the pivotal razor's edge that determines the progression toward the coming of God's Kingdom. It was true 2,000 years ago and it is still true today.

Looking at the lifetime of the Returning Jesus, Sun Myung Moon, we see his whole lifetime was constantly filled with faithlessness by the people chosen to believe in and follow him. The Korean Christians failed to have faith, requiring that he suffer almost three years in a Communist death camp. Then he had to start from nothing and rebuild a foundation for the providence starting in a cardboard and mud hut.

Thousands upon thousands have received the Returning Jesus... for a time, but then fell into faithlessness. 7,000 American Christian Ministers traveled to Korea and heard the Divine Principle. Where are they now?

Hak Ja Han, True Father's wife of 50 years, has recently come out and proclaimed that True Father made many mistakes and she is the one that knows what they are and will be the one to correct them. She endured for 50 years knowing the mistakes he was making and biding her time. She claims she is the Second Coming of Christ, born sinless, and greater than her husband. She is now proposing to rewrite the Divine Principle and make herself the anointed Messiah.

The most devastating betrayal of all is Hak Ja Han. Next in line is a huge number of his early disciples who surrounded her and enabled her, seeking their own glory, power, and wealth. Lastly are those who know the truth but are too timid to say anything for fear of their own loss.

This faithlessness has led directly to the violence and suffering we are seeing throughout the world.

God's Kingdom is ordained to come, but now it must come through violence and force. Not only a spiritual war but now a physical war with Satan's forces is required. The exact circumstances of how it will manifest remain to come.

Hyung Jin Moon, as True Father's appointed heir and successor, is being guided by True Father from the spiritual world.

#1. Hyung Jin Nim must proclaim the truth.

#2. He must expose the failure of Hak Ja Han and all those who follow her.

#3. He must expose and fight against the evils of the world, including corrupt politicians, media, Big Pharma, Big Tech, Hollywood, abortion, sex trafficking, Big Banks, on and on. He is not able to take his position as the Second King of God's Kingdom because of the failure of Hak Ja Han. He must first fulfill a role as a prophet exposing all the corruption preventing God's Kingdom.

#4. He must prepare and protect as many of the remnant as possible for the coming tribulation. That is the reason he is teaching martial arts and firearms training. That is why he is constantly warning us to prepare for hard times. That is why he is screaming so loudly like a prophet against the corruption of the government, the politicians, communism, and all the rest.

For these reasons, God and True Father gave him the direction to start the Rod of Iron Ministry.

The way for the Kingdom of God to come peacefully has been blocked. It must now be taken by force.

From the days of John the Baptist until now, the kingdom of heaven has been subjected to violence, and violent people have been raiding it. (Matthew 11:12)

God now needs warriors. God is now calling Christians to be warriors. Many prophecies are along these lines. God is alerting many people in every realm that we are not only in a spiritual battle, but we are in a "war" for the future of America and the future of mankind.

God is calling many former military to join this fight. They are the ones who already showed their bravery.

Prior to 2012 when True Father ascended, Hyung Jin Nim and Kook Jin Nim were working with the top “movers and shakers” of Korean society and there were connecting to the top military, political, and business leaders. There was a really bright future for our movement.

The failure of Hak Ja Han was the turning point in God’s Providence. She kicked them both out of Korea and all that precious foundation built by True Father’s blood, sweat, and tears was lost.

Just as Jesus’ disciples were scattered after the crucifixion and there was seemingly nothing left of Jesus’ efforts, Hyung Jin Nim faced a similar circumstance. It seemed Satan was victorious.

However, by Divine Principle because True Father was the third attempt by God to fulfill his providence for sending a True Adam, there is a condition for a prolongation for three generations. Biblically Abraham, Isaac, and Jacob in the Old Testament are seen as one person for God’s Providence. True Father proclaimed before his passing that his heir and successor was Hyung Jin Nim, but also the subsequent heir and successor would be Shin Joon Nim.

The result is that True Father established the Three Generations Kingship before he ascended. This will be the pathway to God’s Kingdom.

The Principle teaches that the direct result of John’s failure to follow and unite with Jesus was that it became too difficult for others to make the leap of faith required to accept Jesus. When True Father’s own wife separated from him, she created an extreme crisis of faith for every follower.

John the Baptist’s failure was the main cause of Jesus having to go the suffering course and die on the cross. God’s Kingdom was prolonged for 2,000 years of more suffering. And particularly the course of the faithful people, Jesus’ disciples, became one of suffering as well.

The failure of Hak Ja Han to support the heir that True Father designated will inevitably lead to untold suffering for all mankind, the extension for many years of the time it will take to build God’s Kingdom on earth, and the requirement that it be established not by love but by warfare against evil.

The Rod of Iron Ministries is the direct result of the failure of Hak Ja Han. It would not have been necessary if she had kept her position.
