Remember -- God Wins in the End

*And Asa did what was right in the eyes of the Lord, as David his father had done. He put away the male cult prostitutes out of the land and removed all the idols that his fathers had made. He also removed Maacah his mother from being queen mother because she had made an abominable image for Asherah. And Asa cut down her image and burned it at the brook Kidron.
1 Kings 15:11-13*

This particular principle concerning Cain and Abel is apparent in the world today, which is divided into two: the Cain world, which is communist and denies God, and the Abel world, the free world, which accepts or fears God. The struggle of Cain and Abel in the Garden of Eden is mirrored in the fact that the communist world is more than willing to annihilate the entire free world. There is only one way the Abel world can survive this murderous intent, and that is to hold onto God. The problem today is that the free world is forgetting the true way of salvation, seeking to find solutions without God, and there are none. Hello,

Hyung Jin Nim started his sermon by noting how we are seeing the age of righteous governors in America. This includes [the governors of Florida, Tennessee, Arizona and other states](#) who are resisting vaccine mandates and child "transgender mutilation."

In 1 Kings 15 it is recorded that King Asa destroyed the statue of Asherah erected by his mother and banished her as queen. It reminds you of another church that worships and builds statues of someone called the Only Begotten Daughter, doesn't it?

In 2013 church leaders urged Hyung Jin Nim to keep his mouth shut and allow his mother to reverse True Father's decisions. They wanted him to do nothing and just keep the money flowing. But he had to follow his conscience.

A society which worships a female goddess comes to worship female beauty and sexuality. Goddess worship often led to temple prostitution in the name of Aphrodite or Diana, the perpetual virgin who visits lonely hunters, but how can you be both a virgin and a harlot? Fertility cults always sexualize the female body. It leads to selling children into prostitution. Even today in India among the lower class of untouchables, [girls as young as 11 are dedicated to the goddess Yellamma](#).

When a nation falls away from God, they begin to transform into a fallen culture that rationalizes uncommitted sex. It leads to what in the modern times we call sex trafficking and pedophilia.

That is why it's important to invest in your children while they are growing up. The Friends of the NRA started a rifle club in a local high school. The students will be able to practice safe shooting at the Tommy Gun Shooting Range. Firearms empower people of all ages and sizes. Their use creates a culture of knowledge about self-defense.

That is why the Left targets culture change to erase traditional and family values. When they insist that you can change your sexual identity they claim to be following the "science."

We have seen media reports that cite examples of gender fluidity in different religions and cultures, but this confirms that transgenderism is cultural. Each cell in your body has a cheer leading squad of XY chromosomes shouting "man, man, man!" or XX chromosomes shouting "woman, woman, woman!"

[Mike Walsh held a rally against child mutilation](#) in Nashville. In his [documentary](#), he asks learned professors, "what is a woman?" but because of political correctness they are unable to answer.

Last week the [Centers for Disease Control added the Covid 19 vaccine to the approved child vaccine schedule](#), even though children have extremely low risk from Covid deaths but have greater risks from the vaccine.

More and more Americans are losing faith in the CDC, in the medical care system that enforces irrational CDC directives, and in the Justice System. Anthony Fauci is now seen as a dangerous propagandist, who denies his close ties with Pfizer corporation.

A few brave scientists and doctors stood up, like Dr. McCullough, Dr. Gold and Dr. Malone, but the majority cooperated with the Covid vaccine mandates, and said nothing when their colleagues were threatened with loss of employment or their medical licenses.

American culture is in decline, into relativism. Recently he saw a report about students in Texas refusing to stand up for the pledge of allegiance. Hyung Jin Nim asked all of the international media who interviewed him at the Freedom Festival, "where is the list of those who had sex with children on Jeffrey Epstein's island?"

He spoke about Tucker Carlson's report comparing current attacks on "white people" to the propaganda that led to genocide in Rwanda, where Hutu radio spewed hatred and contempt for Tutsis for several months. Several news platforms in America also spew racial hatred, including MSNBC news reporters who regularly talk about the evils of "white people." Of course, our own government talks about prolife Christians, patriots and even parents speaking out at school board meetings as potential "domestic terrorists" to be investigated by the FBI.

No matter how bad these trends get, remember - **God wins in the end.** Let us stand with God's truth to fulfill His eternal will.

May God bless you and your families!
