Hak Ja Han's NEW/ANCIENT Principle of Creation

*And the Lord said to Satan, "Have you considered my servant Job, that there is none like him on the earth, a blameless and upright man, who fears God and turns away from evil?" Then Satan answered the Lord and said, "Does Job fear God for no reason? Have you not put a hedge around him and his house and all that he has, on every side? You have blessed the work of his hands, and his possessions have increased in the land. But stretch out your hand and touch all that he has, and he will curse you to your face." And the Lord said to Satan, "Behold, all that he has is in your hand. Only against him do not stretch out your hand." So Satan went out from the presence of the Lord. **Job 1:8-12***

*God is all-knowing and almighty. If He were to get angry and strike the earth, everything would be shattered to pieces. Even presidents of nations and people who are proud of their position would disappear without a trace at one shout from God. Does God need power? He does not. Power may be something that rank and file soldiers covet. Who likes power? The devil likes it. **SMM, CSG Book 1, Ch. 1 The Original Being of God, p.72***

Hello,

Since Hyung Jin Nim and Yeonah Nim were participating in the Memorial Day motorcycle run with hundreds of patriots he pre-recorded a message that was shown on Sunday. In the video he explained how on Memorial Day, we gather to remember those who have served and those who gave their lives to defend America. We should remember that U.S. forces freed True Father from the Hungnam death camp. When the bombing started, Father helped other prisoners to survive by telling them to stay near him. America played the critical Abel-type role to liberate the Messiah from prison. After liberation, True Father had to walk 600 miles to the south.

In 2015 a famous novelist wrote a book called *Rev. Sun Myung Moon, the Patriot*. When criticized by people who didn't like the Unification Church, he said if there is anyone who has done more for Korea let me know and I'll write a book about him!

The fight against Communism is deeply intertwined with the return of Jesus which took place in our lifetime. In the future it will be remembered that America was the leader of the Abel side fighting Communism and standing for natural law and freedoms.

In book of Job chapter 32, God allowed Job's faith to be tested. In Job 38, God speaks, asking "where were you when I laid out the measurements of the universe?" We are dealing with the God of the universe.

America is being dragged down. Young children are being indoctrinated and groomed in our schools. There is a Turning Point USA video of 12-year-old girl asking to buy beer, cigarettes, a firearm, get a tattoo, drive a car, but then told it would be okay to trans genital mutilation. The USA is like Job. God is allowing America to undergo tribulation in order to wake up the faithful remnant.

The next step in the LGBTQ+ agenda is to give children the right to make adult sexual decisions. As the Divine Principle explains, Satan was the first groomer and pedophile who defiled the first family.

That is why it's important to train our children to be strong in their faith. All citizens are called to be part of the Peace Police Peace Militia and ready to defend our God-given freedoms and communities.

Hak Ja Han's NEW/ANCIENT Principle of Creation

On 5/18/23, after going around Chung Pyung Lake with about 70 important executives on a cruise ship, here is what Hak Ja Han said at a luncheon at the Cheon Jeong Won restaurant after giving different directions:

"Another thing to emphasize is that, it is important to look for and raise up the second and third generations. We need to educate them on the essence of the Creator, the Heavenly Parents, and what the mission of True Parents is. **From now on, what you must educate is the Principle of Creation, but not the Principle of Creation as explained in the Divine Principle.**

The essence of the Creator is the Heavenly Parents. **The source of life is born through the mother. [You are born] 99.999% from the mother and 0.001% from male. It is the same with the Heavenly Parents.** Until now, He has been introduced as the Heavenly Father.

In the Exposition of the Divine Principle, He is the neutralized subject of the dual characteristics. This is wrong. We have to fix that. We must teach what is the Principle of Creation, what is the mission of True Parents, and what is the responsibility of True Parents. **In the future, education should be centered on the Word in the Cheon Il Guk era rather than in the Old Testament era, the New Testament era, the Completed Testament era.** Do you understand?

The age has come when we live with our Heavenly Parents. Should you ignore that? In that sense, seniors and those in charge should undergo retraining. That's why we can say that *the providence of CheonShimWon is important. It has become the root of faith.* You have to experience yourself, the unshakable roots of faith. Do you understand? You are going to do that, aren't you?"

May God bless you and your families!

Richard
