Make Christianity BRAVE Again

*Jesus answered, "The most important is, 'Hear, O Israel: The Lord our God, the Lord is one. And you shall love the Lord your God with all your heart and with all your soul and with all your mind and with all your strength.' The second is this: 'You shall love your neighbor as yourself.' There is no other commandment greater than these." **Mark 12:30-31***

The goal of our faith is to become citizens of God's country. If you do not become citizens of God's country, then there will be no way for you as sons and daughters to freely receive the admiration and love of that nation's people or of all things of creation. A person without a country is always attacked.

*He stands in a miserable position. he may often feel hopeless after suffering an affront. That is why the question is, where can we find the country of God's desire? Which is the nation that can become God's foothold? That is the issue. **SMM, CSG Bk13, Ch1, Restoration of True God's Homeland, p. 2009***

Hello,

Hyung Jin Nim started the service by quoting Revelation 3.2 which states that at his second coming Christ will have a new name, and declaring that this new name is Sun Myung Moon.

The book of Job relates the story of how God allows Satan to test Job to see whether his obedience was just due to prosperity and blessings from God or out of true devotion? In Job 15, three friends come and sit with him during his suffering for 7 days. Then they start to tell him that his suffering must be due to sins he has committed, but according to the text, Job has committed no sins. All of us have to go through a "Job's course," where our faith is tested by difficult trials.

Many kings came to power by killing their opponents. In God's Kingdom, it is different. In Hungman prison, True Father survived the "airplane crucifixion," which puts the prisoner in a position where they cannot breathe and suffocate until they die, not just once, but three times. Father survived each of those and prayed for his torturer's repentance and forgiveness. In Communist countries like North Korea, they seek to eliminate religions, except those which can be controlled, infiltrated and corrupted by the State.

In many countries those willing to use force rise in power. The Pharisees and the Sanhedrin, which were often used as tools of government control, were reporting to the Roman "intelligence agencies." In modern times, political leaders are enticed into sexual immorality by figures like Jeffery Epstein in the U.S. and Jimmy Seville in the United Kingdom and then blackmailed.

The new speaker of the House, Mike Johnson, released the videos of January 6 protest at the U.S. Capitol which showed how the police were throwing explosive concussion grenades into the crowd, not to disperse it, but to incite them into confrontation with the police. Hundreds of J6 prisoners have been languishing in DC jails.

In the same way Covid propaganda was used to scare people into accepting lockdowns, masks, and experimental, untested mRNA gene treatments, which were falsely called "vaccines." The goal was to train the population to obey. In countries like Australia the police would arrest you for more than 5 people gathering. In South Korea, you could be fired if you did not get the Covid "vaccine." The silver lining is that people are waking up to the reality of government abuse and propaganda. Tennessee had no mask mandates during the 3 years. If you were afraid of infection, you could stay home.

Despite the sin of slavery, Great Britain and the United States were among the first nations to abolish the slave trade. Without the stability provided by the truth, governments lie and manipulate.

Craig Sawyer, founder of Veterans for Child Rescue, interviewed a CIA contractor who explained that "Q" was a psy-op to manipulate Christians in the United States. George Washington said that government is a dangerous servant and a fearful master. That is why it must be kept in a servant position and why the population must be armed. In the CIG Constitution centralized military and police are banned.

If your worldview is based on accumulating power, you are effectively a satanist. You may not believe in the devil, but he believes in you. In the 20th century more than 200 million were killed by their own governments. But that is harder to do when the population is armed.

People who questioned the 2020 election were vilified as "election deniers," but are [now being vindicated](#). In Georgia a judge ruled that more than 20,000 false ballots were counted.

Jesus was not afraid to denounce the political/religious establishment. Only the Divine Principle explains systematically how God guides the progression of history, with repeated attempts to establish the foundation of faith and the foundation of substance. The religious realm must guide the secular realm to prepare for the coming of the Messiah. 80 prophecies spoke about victorious messiah. only 3 about the suffering servant. Dual prophecies are required since the outcome is determined by how the people respond. If they reject God's central figure, a new preparation period has to be established.

The rejection of Jesus led to the secondary path of crucifixion and resurrection, where Satan continues to dominate this world, but spiritual salvation through faith is possible in the afterlife.

Don't let haters give you a spirit of fear. Natural subjugation comes when you persevere in faith and the truth is revealed. Hyung Jin Nim could not go along with his mother betraying Father. Now we see both the micro-level (church) and macro-level (world) collapse. As stated in Revelation 18:7, she said, *"I sit as a queen, I am no widow, and mourning I shall never see."* Dozens of people came to his speeches in Korea and Japan to repent and come back to True Father's authority.

Government psy-ops are intended to silence the middle ground and amplify the extremes. Make it seem like a Civil War is coming. None of us want that. We have seen the horrific reality in Korea and other countries.

With the decline in a marriage culture, the U.S. is heading for demographic collapse. We all should seek permanent, lasting assets. Sexual attraction and emotions not enough. It's best to devote your young adulthood to marriage and children. Don't waste your youth on free sex and hedonism, seeking power or money. Center your relationship on something higher, on a covenantal promise made to God.

May God bless you and your families!

Sincerely,

Richard
