*Oh, let the evil of the wicked come to an end, and may you establish the righteous - you who test the minds and hearts, O righteous God! **Psalm 7:9***

This particular principle concerning Cain and Abel is apparent in the world today, which is divided into two: the Cain world, which is communist and denies God, and the Abel world, the free world, which accepts or fears God. The struggle of Cain and Abel in the Garden of Eden is mirrored in the fact that the communist world is more than willing to annihilate the entire free world. There is only one way the Abel world can survive this murderous intent, and that is to hold onto God. The problem today is that the free world is forgetting the true way of salvation, seeking to find solutions without God, and there are none.

SMM, "The Children's Day We Have Been Longing For," November 11, 1977

Hello,

At the beginning of the Sunday Service, Greg thanked 12 brothers and sisters who went to Lobby Day in Nashville to support the 2nd Amendment.

Hyung Jin Nim and Kook Jin Nim attended the Border 911 Gala in Mar a Lago where Donald Trump spoke about the record number of sex trafficking and fentanyl victims and known terrorists crossing the southern border. 20 million illegal immigrants have entered the U.S.

We then watched Tim Elder's presentation about the Cheon Il Guk (Heavenly Nation) Constitution, which was announced on October 11, 2016. True Father taught us that "The Kingdom of God must be built by me."

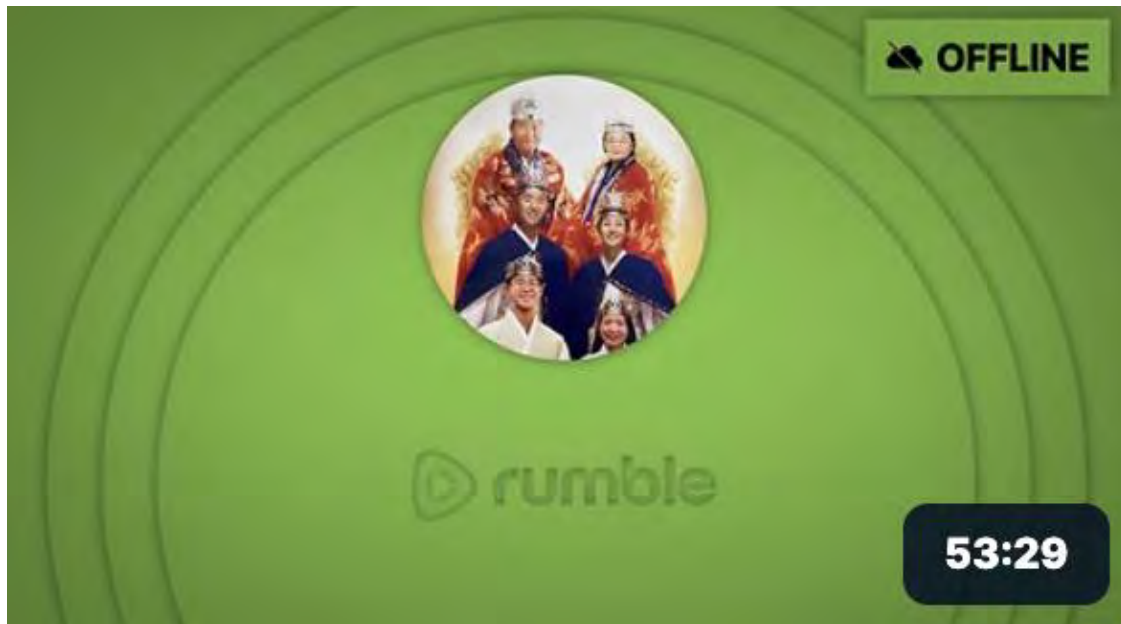

Tim then read through the Preamble. True Father taught that God's Kingdom consists of territory, sovereignty, and citizens. The constitution protects freedom of religion, but it is based on Father's teachings, just as the USA allows religious freedom, but is based on teachings of Jesus Christ.

The CIG Constitution is not for a church, but for a nation, which is why it limits the powers of government. All have inalienable rights, but will find it is unprofitable to do evil.

The Archangel had power and knowledge, but not the lineage. The Kingdom of God is based on the love, life and lineage of God. Its three principles are to maintain purity, to protect human rights, and to avoid the misuse of public funds.

There will be a representative of True Parents on earth in each generation whose main role is to preserve and protect God's covenant with humanity by creating a libertarian republic so that artificial structures of power shall never again rule over humanity. Concentration of power brings tyranny and corruption. That is why the CIG constitution limits government, not citizens.

God has revealed His ideal for organizing human society. We have God-given natural rights so that our rights don't come from the King or ruler of the nation. Power must be kept as close to the people as possible. America's great sin of slavery was restored at great cost of human life and some civil liberties.

May God bless you and your families!

Sincerely,

Richard
