AMERICA's Cultural WAR

Woe to those who go down to Egypt for help and rely on horses, who trust in chariots because they are many and in horsemen because they are very strong, but do not look to the Holy One of Israel or consult the Lord! And yet he is wise and brings disaster; he does not call back his words, but will arise against the house of the evildoers and against the helpers of those who work iniquity. The Egyptians are man, and not God, and their horses are flesh, and not spirit. When the Lord stretches out his hand, the helper will stumble, and he who is helped will fall, and they will all perish together. Isaiah 31:1-3

The love of God is yours, not mine. But you must win that love from God...As much as you are able to break through in the satanic world is what you are actually building of your own new world. This world is the consequences of the fall so we have to separate ourselves from the ways of this world, and create a new world, becoming new people in a new way of life... There is always resistance each time we try to break through to a new level because Satan absolutely does not want to see the heavenly world come into being. Of course he wants to prevent that from happening because it means the destruction of his influence and personal dominion. Satan's world has to come against you so naturally there will be persecution. SMM, "Core of Unification, October 9, 1977

Hello,

Hyung Jin Nim started the service by speaking directly to the FFWPU: you literally stole billions from True Father and then changed his words and teachings. It won't work to pretend that you are faithful to him and copy our evangelical spirit. We pursued True Father, not money, power and fame.

The only way the prophecies Hyung Jin Nim made 9 years ago, about world judgment and the downfall of the FFWPU, could come true was if True Father was on the throne. The Han mother predicted an era of peace, but instead we saw wars around the world, the worldwide Covid lockdown and millions of deaths.

The crackdown on the Family Fed in Japan could never have been predicted. FFWPU members were recently caught bringing \$5 million illegally into Korea. Now they have added a new palace costing \$300 million. When he was there it cost \$6 million per month to run Chung Pyung. Does anyone at the FFWPU realize that God is sending them a message they've gone the wrong way?

1500 came to meet with Hyung Jin Nim in Japan even though he had to reschedule at the last minute and people had to redo all their travel plans.

The Pareto Principle states that in any organization 20% of the workers create 80% of the value. The last thing they want is for key people to come to True Father's authority.

Only 10% of the population are intellectually oriented, so we have to impact the culture. He praised the Divine Principle content on The Advent channel developed by Shin Joon nim and mentioned the new "Oppressive" King Bullethead rap on Rumble.

Young people have to be careful about performance because young people are often foolish, perverted and "horny." Art fields, including theater, music, art and dance, are filled with sexual immorality. The original purpose of art was to glorify God. Instead, art was used to promote the immoral "leg spreading cult." Don't foolishly "test" this lifestyle. Train to overcome temptation. Avoid situations where you would be tempted. If you have a problem with porn, don't watch your computer or smart phone alone in a dark room.

[Islamists are boasting they will take over Europe](#) since Muslim mothers have more babies than non-Muslim women. European culture has been wrecked by feminism. Feminist studies in colleges and the [National Organization for Women were funded by the Rockefeller Foundation](#). They brought women into the workforce. Wages for working men have declined and many women are less happy working outside the home.

[Andrew The Crucible](#), who has an Orthodox Church background, has been [demolishing feminism](#). Western culture demonizes strong men who give women rights and protection. This creates weak men and leaves a vacuum for bad men to fill in.

Islam has a totalitarian culture, which is joined to their beliefs. Secular culture has no depth or strength. Christians have been afraid to speak out against threats and against radical individualism so culture declined. Immorality has been justified because it "doesn't hurt anyone," but it hurts God and the next generations.

It is inevitable for Christians join Rod of Iron Christianity. True Father was constantly slandered. Now Trump is slandered in a similar way. He could just walk away but is staying in the fight.

Father showed how Christ is involved in every aspect of the world, not just the "spiritual."

Wives should not just emphasize about family money concerns. Hyung Jin Nim started his day at the Palace at 2am. Busy meeting political and spiritual leaders. Organizational meetings. Visiting families in the evenings. That's why he prioritized family time at least once a week, every Thursday night.

Scheduling one on one time was most important. Of course, you cannot be happy just in your family. We also need a community.

Giant Muslim populations growing in the West. When they gain power they will enforce Sharia law. There have been daily bombings by jihadists in Africa. Unregulated immigration of tens of millions are a real threat to the USA. That plus election corruption with mail-in ballots will assure destruction of the Republic. In the porta-potties at the Darien Gap in Panama there are fliers in Spanish that say "Vote for Biden!" Only the Holy Spirit, plus doing our 5%, can stop!

God's kingdom is coming but either through a shorter way or longer suffering way. We can learn from the biblical text in 2 Chronicles 20:1-25. The powerful armies of the Moabites and the Ammonites declared war on Israel, which was led by King Jehoshaphat. It looked like Israel would be destroyed, so he called for national repentance. It was a miracle that the armies of Moab and Ammon started fighting each other.

Revealing: Jesus and Adam's Shared Mission

The fight is not over until it's over. Trump could liberate the one billion Chinese from Communism and of course revive America and its economy.

Chinese are more proud of being Asian than Koreans or Japanese are. Chinese were the superpower. in the 8th century they called themselves the "Center of the World." Chinatown is called the "Street of the people of the Tang dynasty." Hyung Jin Nim is studying the Chinese Bible so that someday he can preach there and spread the Rod of Iron culture and 2nd amendment rights in Asia. They will have no problem with a Korean messiah.

America is the least racist country in the world. Asians are racist against other Asians who are dark skinned because they are outside laborers. Americans should stop feeling guilty.

America was based on meritocracy. A strong nuclear family of married parents is best. We should not hesitate to state this. Children are a gift from God. It is wrong to say they are burdens to be avoided.

As it states in Isaiah 31, don't go to Egypt where many will be corrupted by their culture. You have to battle that evil culture, or Communism, Islam, and big government will come in. But the American people are waking up. By Christ's grace, we must save America.
