### The Father's love is great!

Then David said to the Philistine, "You come to me with a sword and with a spear and with a javelin, but I come to you in the name of the Lord of hosts, the God of the armies of Israel, whom you have defied. This day the Lord will deliver you into my hand, and I will strike you down and cut off your head. And I will give the dead bodies of the host of the Philistines this day to the birds of the air and to the wild beasts of the earth, that all the earth may know that there is a God in Israel, and that all this assembly may know that the Lord saves not with sword and spear. For the battle is the Lord's, and he will give you into our hand." ...Then David ran and stood over the Philistine and took his sword and drew it out of its sheath and killed him and cut off his head with it. When the Philistines saw that their champion was dead, they fled.  
*1 Samuel 17:45-51*

The men who can make the greatest contributions to human history are not scientists or philosophers, but those who have infinite faith and can unite with the universe. Therefore, you see that the religious leaders, not the scientists or philosophers, have made the most impact throughout history.

Hello,

Hyyung Jin Nim started his sermon by discussing how God gave us the victory. We drive 30,000 miles, completing 21 Trump rallies. A small condition. Without God choosing the offering of the doves, it would have been nothing.

All the systems for cheating were still there in the 2024 election. Many lost faith in the system. In Pennsylvania, the patriots were heavily mobilized. Scott Pressler, the openly gay guy, who founded Early Vote Action, did more than many Christians who did not vote. Catholics increased support for Trump. Also, there was increased support among Black, Hispanic, and young men.

America has to repent. Hundreds of thousands of soldiers and civilians have been killed and wounded in the Russia-Ukraine war, which need not have even started, and could have ended a long time ago.

There were 14 million extra votes in 2020 for Biden. Sedition charges should be initiated against those who were behind the coup. We may forgive them, but the law must punish crimes against America and the world. They were seeking to destroy him, and even kill him, with the FBI raiding his house and lawfare cases against Trump to sentence him for hundreds of years. The weaponized media was a tool of propaganda and misinformation.

The U.S. president is the world king, whose actions are already affecting the world and reducing the likelihood of world war. Many new proposed policies aligned with the CIG constitution.

The Department of Governmental Efficiency, which is akin to the Inspector General in the Cheon Il Guk constitution, is designated to investigate government employees. Trump's family and patriots were all in to fight, risking their lives.

Under these people, America was #1 in porn, sex trafficking, transgender, abortion. The USA deserved God's judgment, but out of God's mercy freedom won, with the miracle of Trump's life saved in Butler, PA. The Father has delivered us from the workers of iniquity.

There is no reason to fight Russia. We could work to reduce the influence of CCP. More gas/oil production will weaken enemies and boost the U.S. economy.

The early disciples, except for one, all died as martyrs. God divided classes into Abel and Cain types. From the top to the felon classes, all were on the stage with Trump and at the RNC convention. Republicans now have wide participation of races in support of saving America.

1 Samuel 17 is about the Deep State. After Trump was shot he stood up and was walking around.

The U.S. government has incentivized removing the father from the household, leaving single mothers to raise the children. Boys cannot take their mother as a role model. A mother's boyfriends are many times more likely to abuse her children. It leads to more criminality or feminization among males.

Society has been led by the Jezebel spirit. Hyung Jin Nim is proud of the young men who stood up and voted against the transgender, feminist agenda. He spoke about the PPPM training that makes strong men

and women. In the West, we have become weak and pampered, choosing comfort and destroying their own children. God gave women neurotic anxiety to protect their babies.

Alex Jones was fined \$1.5 billion. With the lawfare, Trump could have been put in prison for 740 years. These actions are meant to put fear into hearts of patriots. When we believe in Christ we lose our fear. Preserving your life is not your main purpose, but the will of God.

We knocked the giant out in this election, but must finish by cutting off the giant's head. Those who colluded to undermine our Republic must be indicted and tried for election fraud, or treason, punishing the predator class.

If we did not fight, many of our young people would have been forced to fight in a world war and die. We don't deserve this grace. The Father's love is great...

**Dr. Val Finnell**, Pennsylvania coordinator for *Gunowners of America*, explains election courtcases and voting records of elected representatives relating to the protection of 2nd amendment rights. It is shocking that 40% of gunowners do not vote!

**Trevor Loudon** discusses his new book **STEALTH: Kamala Harris's Communist Roots**. Also upcoming book about Comrade Prime Minister Albanese in Australia and his ties to Communist China. Voters need to be informed about these candidates. Loudon hopes his books will usher in a new age of individual and national sovereignty where citizens, not globalists, decide the future of their nation.

Documentary filmmaker Ben Berquam reflects on his work at the Darien Gap, where thousands headed for the U.S. southern border cross every day and the criminal cartels already active in the U.S. He also discusses the attitude we need as people of faith as we confront the vastness of the evil intended by those who seek to destroy America, with life-and-death outcomes not able to be seen.

People of faith are united to pray, and vote early. God's hand is on the MAGA movement, even though we are not perfect. Jacob at Beach Tactical spoke about the PsyOp against the nuclear family, against tribes and communities. Freedom means from government control. That's why Amish were so successful. 200,000 Amish in Pennsylvania have registered and are voting this year.

God has chosen us for this time. Thank you, God, for giving us this chance to preserve freedom for future generations. CIG will come, for eternity.

God is dividing the upper, middle and lower classes into Cain and Abel. Multi-billionaire Elon Musk is risking his life to support Trump, knowing how important this time is. Stay pray, stay serious. With joy

knowing that God wins. He concluded by leading us in contemplative prayer. Father we bless your name!

**Flashback: Hak Ja Han's Words about True Father from 2012!**

Distinguished guests from home and abroad, and blessed families around the world! Today, we come to an exceedingly important turning point in God's governance of His providence. It is unprecedented, historic and revolutionary.

**My husband, the Rev. Dr. Sun Myung Moon, the returning Lord, Messiah, Savior and True Parent who came as the root of the lineage of original goodness, has departed for the spirit world.**

Consequently, we now stand at a providential starting point from which we must inherit True Parents' realm of victory and build the ideal kingdom of peace, one family under God.

True Father's ascension brings me, after being with him my whole life, unfathomable pain and sorrow. It is the same for all of you. Moreover, we cannot begin to fathom the sorrowful heart of God, who is the original substance of eternal love and the True Parent of humankind.

From another perspective, this is also a time of hope. **True Father worked in accordance with the heavenly laws - which God established at the time of the creation of heaven and earth - to conclude, complete and perfect all the providential tasks on earth that no one in history had been able to fulfill.** He is now making his transition to the spirit world to exercise dominion over both the spiritual and physical worlds and to initiate a new dimension of God's providence. No spoken or written language known to human beings can possibly express the flood of emotions we experience as we stand at this juncture in the providence.
