"They shall become one flesh."

*Then God said, "Let us make man[a] in our image, after our likeness. And let them have dominion over the fish of the sea and over the birds of the heavens and over the livestock and over all the earth and over every creeping thing that creeps on the earth." So God created man in his own image, in the image of God he created him; male and female he created them. **Genesis 1:26-27***

If a woman does not have a man, she is in absolute darkness. If a man does not have a woman, he is in absolute darkness **SMM, Book Nine - Blessed Family Ch.1 - True Parents and the Blessing Section 3. Responsibilities of Blessed Families**

Hello,

Jim Stephens gave the sermon last Sunday. He started by noting how many times True Father spoke about sex to every type of audience over many decades in the U.S. In late 2012 when Hyung Jin Nim was appointed as president of the American church, he and Yeonah Nim started teaching each week, in broadcasts from East Garden, about Absolute Sex, but when they reported about that to Korea, they were suddenly forbidden by the Han Mother to continue.

Understanding Sex and God's Plan for Sex in the Earthly Kingdom

Gen 1:26-27 states that we are originally created in God's image, male and female. Within God, Male and Female exist in total oneness. That must be the GOAL of husbands of wives, but it doesn't happen automatically.

If Jesus had a wife, what would that relationship be like? Would he be ashamed about the sex relationship? There are 3 values of sexual intimacy according to True Father

1. Lasting intimacy and oneness between husband and wife.
2. Giving birth to sinless children and God's blood lineage.
3. Keeping good health, God incorporated health benefits in sex. It is anti-aging and strengthens the immune system.

God gives new couples large doses of hormones to draw them together, especially in the first 2 years. This increases the feelings of excitement, attraction and bonding in their relationship.

In the 1990s there was a lot of scientific research about man/woman relationships. Jim has posted summaries about that research at his website, www.theMarriageLibrary.com.

We are benefitted by the "Merit of the Age." Think about it, don't you want to join a church with happy couples who enjoy intimacy?

Spiritual world is invisible, but it is substantial. Is there sex after death? Yes, for all eternity. Better than here. But only for those Blessed under True Father's authority.

He then discussed new discoveries about conception, and about the heart.

The egg selects the sperm it wants to open itself to. A man's body produces as many as 500 million sperm a day. Testosterone pushes the man to desire closeness with his woman. Oxytocin in the woman pushes her to pursue a relationship with her man.

Scientists have discovered there is an 8 foot electric field radiating from the heart. If you're feeling stressed, your energy is chaotic. When feeling grateful, the energy is smooth. That is why we can sense and be affected by each other.

TKR- Heavenly Fatherism, Pt.1

Women can process 7 different auditory inputs at the same time, while men have trouble processing more than one. The corpus callosum, a thick band of nerve fibers that connects the two hemispheres of the brain, is 40% larger in women. On average they are more connected to their feelings. That is why a woman wants to discuss things right away. In contrast, men's brains take 7 hours longer to process complex emotions.

God created men and women so different that they can be married for all eternity and never understand each other... or get bored!

In the 1990s many books about these issues were published, such as:

Men are from Mars, Women are from Venus. Love and Respect. The Five Love Languages. The Five Languages of Apology. Laugh Your Way to a Better Marriage. His Brain, Her Brain, and Tim and Beverly LaHaye's *The Act of Marriage*.

To a man being unsuccessful in bed equals failure in life. Companies prefer to hire married men. A man who is secure that his wife desires him becomes a better father.

May God bless you and your families!

Sincerely,

Richard
