

The Real "Fake News"

Now there was a man named Joseph from the Jewish town of Arimathea. He was a member of the council, a good and righteous man, who had not consented to their purpose and deed, and he was looking for the kingdom of God. This man went to Pilate and asked for the body of Jesus. Then he took it down and wrapped it in a linen shroud, and laid him in a rock-hewn tomb, where no one had ever yet been laid. Luke 23:50-53

The Unification Church will be the center of religious unification in the end, correcting the standard for presidents, prime ministers, and all the proud politicians of the nations. This is my work, to accomplish this not by force, but by natural submission. CSG 291

Greetings!,

This week's email addresses the question of how to distinguish "real news" from "fake news," the theme of much of Hyung Jin Nim's sermon on "Kingdom Awaited." The politically correct term, "happy holidays," he said, is itself not inclusive because it excludes those who wish to celebrate our nation's national holiday, Christmas. This is discussed in [a video by Dennis Prager](#), who is not even a practicing Christian, but rather an observant Jew.

Kingdom Awaited - Rev. Hyung Jin Moon - Dec. 18, 2016

Christian means "of Christ." Globalists want to separate us from our faith-based culture so that we will accept the centralized authority of the state. Marxists pretend to care about the "proletariat" but when they gain control of a nation they establish their elite status and control.

The Kingdom of God is centered on a personal relationship with Creator. We have God-given rights, not privileges granted from arbitrary whims of elites. Without God, atheists can only arrive at "universally preferable behaviors." Each of us should be "looking for the Kingdom of God" like Joseph of Arimathea.

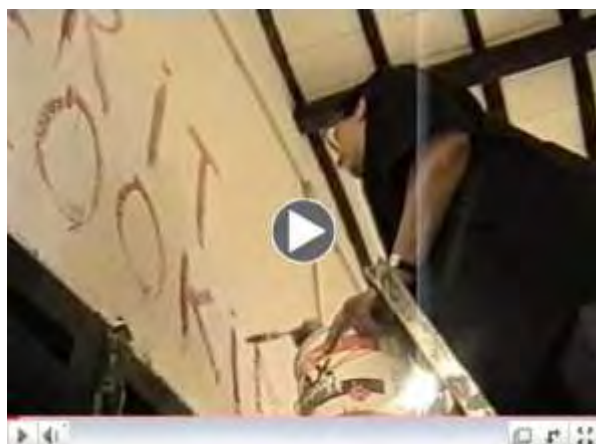

Although America dodged a bullet by electing Donald Trump, the mainstream media continues to attack "fake news" from alternative media, rather than the "fake news" promoted by themselves, most recently covering up the corrupt values of Hilary Clinton, who in the 3rd debate supported the unlimited right to abortion even one day before the birth delivery date. Consider the tragedy of the 57 million lives which have been aborted in the U.S. since the Roe v. Wade Supreme Court decision in 1973.

Kessler had a vision of her miscarried child whom her husband Andrew and she named Truman Kessler.

"Spirit Cooking" by Marina Abramovic

The mainstream media ridiculed reports about the ties of Hilary Clinton's presidential campaign chairman John Podesta and his brother Tony Podesta to Marina Abramovic, a "performance artist" whose satanic "spirit cooking" art is truly disturbing to any normal person, but judge her "art" for yourself and whether you would like to have this kind of "artist" invited to the White House.

Just as we make effort to study and understand God's providence, we should also be aware of how Satan is working throughout the world. We delude ourselves if we think evil does not exist.

Despite efforts to stifle the truth, righteous people in the political macrocosm and in the religious microcosm are standing up. Despite strong opposition from the FFWPU in Korea, Rev. Yoo continues to teach the Original Substance of the Divine Principle, in which he makes it clear that there was and is a clear subject within True Parents, Sun Myung Moon.

Rev. Young Hwi Kim, an early disciple of True Father, told the Association of Former Pastors in Korea to stop persecuting the Unification Sanctuary and openly expresses his disagreement with Mother's "Sinless Only Begotten Daughter" heresy

Sanctuary brothers and sisters distributed 635 copies of Father's words at 6 Family Fed locations. At the Cheon Bok Gung temple, they were asked by assistant pastors to stop, but the Sanctuary members persuaded them that it was good to do so. The Family Fed lecturer said that it was amazing that Sanctuary members were passing out Father's words with such joy. The regional leader came out and asked them to go away, but one sister said "you're not qualified to tell us to stop. And if you continue I will go inside the church and pass out Father's words inside the chapel!" He backed down.

Elevating Mother by Putting Down Father

300 leaders met Mother when she returned from the U.S. after her visit earlier this month. One of the leaders said, "Mother went beyond Father by declaring herself Only Begotten Daughter in the U.S. which Father was never able to do." Credibility among brothers and sisters declines with this kind of sycophantic statement which attempts to elevate her by putting down Father.

22 Volumes of Father's Speeches Censored

615 volumes of Father's speeches were published in Korean under his supervision. In April 2012 Mother visited Sung-Hwa Press and requested that certain passages in Father's sermon volumes be deleted.

Subsequently, FFWPU headquarters issued an order recalling all volumes from volume 594 onwards, and new editions of these last volumes were issued to replace the originals. In the reprinted volumes, all those words of Father that critically refer to Mother, or to Father's raising of Mother, are deleted.
