On the occasion of UN Women day, we held a Sport Culture event on March 8, 2018, in the island of Luanda in Angola with 37 participants.

At the opening ceremony, President of FFPWU Angola, Rev. Kinambuta Sambu Pedro, spoke about women and their important rule in our society and the world.

After that all the participants enjoyed several games together such a soccer, rope jumping, running while in a bag, and bottle game.

It was a great opportunity for all the members get together and create a heavenly atmosphere.

We enjoyed the beauty of the nature at the seaside.
