In a partnership with the public and private school in Province of Luanda in Angola, we held a character education program for around 800 kids with the theme the peace start with me.

During the workshop at the public school on September 14, 2018, we had questions and answers session and some of the students had the opportunity to talk about their difficulties in relation to practice positives values in their life and we tried to answer in helping them to understand.

At the end of the program, we offered True father's autobiography to some of the VIPs participants.

As the result of this education program, we could invite some of the youth students from that public school to participate at the inauguration ceremony of the YSP Angola which took place on September 29, 2018 in the catholic conference hall name Saint Paul in Luanda, Angola.
