THE HOLY SPIRIT ASSOCIATION FOR THE UNIFICATION OF WORLD CHRISTIANITY

UNITED STATES HEADQUARTERS

March 30, 1979

Dear Blessed Families,

On February 17, 1979, a special witnessing team left New York headed for Los Angeles. The team was composed entirely of blessed women, more than half of them mothers. Their mission was to witness on campuses in cooperation with the CARP programs operating there under the direction of Rev. Chung Goo Pak, specifically to expose the nature and methods of communist activity in this country and especially among students.

In a series of meetings with mothers in the New York area, Father emphasized our responsibility to halt the moral decline in America. Religions, in particular Christianity, should have prevented the spread of corruption and defeated communism, but instead religion itself is being defeated. Particularly young people are being destroyed, and through them our whole nation and the world will be attacked. As families it is our responsibility to revive Christianity, renew the spirit of labor unions, expose communism and save the young people of America. We must become living testimonies of the present and to the future. More internally, as blessed families we are closest to Father and must join him on the front line of his current battles in America. This emergency situation will continue at least for the next two years, through the end of our True Parents' 21-year course.

As presently planned, the women's CARP team will leave the West Coast by mid-April and begin a nine-weeks program on the East Coast. Following that they will return to the West Coast. Father recently gave direction that all blessed women should be called to join the team.

Please contact me as soon as possible by mail at Gracemere Hall, Tarrytown, New York, 10591, or if you prefer, by phone at (914)631-6098, to advise me when your youngest child will be 100 days old, or when you will otherwise be prepared to participate. If you feel your circumstances are extenuating, due to special mission or the health of your baby or yourself, or if you believe your situation merits some special attention, please indicate those things when you write or phone. Child care arrangements should be made directly with Mrs. Phyllis Kim at (914)631-8735.

Sincerely yours,  
In our True Parents,

  
Rebecca Salonen
