In loving memory of Michio Sato

[Michio Bio and GoFundMe - takinoatsushi@gmail.com - Gmail](#)

Born on August 14, 1953, in Iwamizawa, Hokkaido, Japan, Michio was the middle of three brothers born to Haruo and Keiko Sato. He grew up in a humble mining town, where he developed a deep connection with animals. As a boy, he raised carrier pigeons on the rooftop of his family's warehouse. A story often retold by his family recalls his heartbreak when a cat

entered the coop and killed most of the pigeons—he cried deeply. This loss revealed his gentle and compassionate nature.
