Concerning the current situation with COVID-19, at this time we are planning to run Camp Lone Star 2020 as per usual on the beautiful Morgan ranch. However, the safety and well-being of our camp family is our highest priority, and our core team is working hard to prepare for various contingencies. We are continuing to follow the recommended guidelines by the CDC, and if we are unable to meet in person at the end of June, we will instead have a virtual Camp Lone Star experience, which we will provide more details on if this is the best choice. We will update you as we know more and are able to make a clear decision on how to proceed for Camp Lone Star 2020.

If conditions allow us to safely have our camp in person, we will work to establish safe procedures including the following guidelines:

Participants, staff, and all guests must be fever-free for two weeks prior to arriving at camp.

Participants, staff, and all guests must feel well on opening day.

Participants, staff, and all guests must live in a home environment that has been free of COVID-19 for over two weeks and be medically cleared to attend.

We will add screening criteria based on the latest information and best practices at a future date.

We at Camp Lone Star believe in fostering an atmosphere that gives youth an opportunity to live better and more meaningful lives. We strive to connect each person to the core of their soul and guide them in deepening their sense of spirituality and identity. Though everyday of our lives seems to be a little stranger, this mission has not and will not change.

Love Always,

Brianna Schneider  
Director

Dear families,

We are excited to announce Camp Lone Star's Summer Workshop 2020! Camp Lone Star is a Subregion 4 workshop that is held every summer at Tejas Trails. At Camp Lone Star, we strive to help all experience the heart of God in their lives, to start or continue the process of deepening their relationship with God and True Parents, and to develop confidence in their identity as God's children to give back to their communities as filial sons and daughters.

Originating in 2004, Camp Lone Star (CLS) was founded by two blessed children, Shin Chun Lee and Jena Choi. Together they created the first Camp Lone Star workshop in Texas. Since then, Camp Lone Star has had workshops every year and gone from hosting workshops from just 40 participants and staff to workshops with over 150 participants and staff. Everything about the CLS workshop experience is created and run by us, the younger generation. These people are mainly older brothers and sisters who are dedicated to giving their younger brothers and sisters the opportunity to live better and more meaningful lives.

With this vision, Camp Lone Star focuses on a specific theme for each workshop. From this theme, we plan our activities and lectures. This summer, our theme is "Light the Torch." Through this workshop, we hope to ignite the desire in each of us to carry the flame from those that came before us and inspire a legacy of love for generations to come. We hope that this can serve as an opportunity to not only inspire but also give guidance on how to love and care for ourselves in order to love and serve the world.

The Core Staff for this summer's workshop are:

- Director: Brianna Schneider
- Assistant directors: Sarah Jackson and Taishi Minosoko
- Activities : Yuri Ando and Yusuke Jackson
- General Affairs : Kason Kebaso and Ellen Kashala

Director, Camp Lone Star Summer Workshop 2020

Dear families,

This summer we will be holding our annual summer workshop at Camp Lone Star in Blanco, Texas. We always strive to make each workshop better and more exciting than previous ones and seek to create a valuable experience through which participants can grow and develop internally.

However, putting on a first-rate workshop is impossible without financial support. So we are asking you, the supporters of the education of our youth, to help us in creating this wonderful workshop experience that our kids look forward to each and every year. We would be grateful if you could help us by **donating \$20, \$50, \$100, or even by sponsoring a participant from your community for \$280.**

We have made donating even easier by adding the option of online donations through Paypal on our website: [www.wearecamplonestar.com](http://www.wearecamplonestar.com).

It is our staff's commitment to allow every young person the opportunity to attend. Your donation will help Camp Lone Star provide the best workshop possible for our youth and young adults, and also help those families who cannot afford the participant fee through the scholarship fund. Our greatest concern is that everyone has the opportunity to attend a life changing workshop. We want to do everything we can to make that possible. This summer **our donation goal is \$4,000.** Making your donation today allows us to accept all prospective participants who could not come otherwise.

Thank you so much for your support.
