**Our WFWP President Angelika Selle, VP Rev. Juanita and our home office team are so very grateful for the generous support for the 2020 Medical Mission Trip to Haiti.**

**Mrs. Astrid Fidelia, President of "Stand Up to Poverty" also sent us a heartfelt thank you message via whatsapp. That's how we stayed in contact with the volunteers in Haiti.**

**The volunteer team had to delay their flights back to the USA, originally scheduled for last Saturday because of flight restrictions. We heard today that they can book a return flight for today or tomorrow.**

**As soon as they're settled back home we will sent out reports about the impact they made and the experiences they gathered.**

- 
- **Haiti is the poorest Caribbean nation, annual per capita income of \$784**
  - **80% of residents live in poverty**
  - **Haiti has the highest infant mortality rate in the western hemisphere**
  - **67 deaths for every 1,000 live births**
  - **60% of people lack access to basic healthcare services**

---

**We surpassed our goal of \$5,000.00 thanks to responses to our three fundraising appeals. Words can't describe how grateful we are for such a outpouring of compassion for the Haitian people.**

---

**"With love, poverty will become history," says Astrid on her call to actions"**

**You gave from the heart, we are so grateful.**
