Greetings from Women's Federation for World Peace and best wishes to you and your family!

We know that you value the women in your life: mothers, daughters, and sisters, and you wish for them to see themselves as you do: beautiful, talented, and courageous. We at WFWP affirm **women's value** endowed by a loving Creator and women's ability to promote **a world of goodness and peace**.

Please enjoy this story of how WFWP changed the life of our Arizona chapter chairwoman and helped her to fulfill her lifelong dream!

We've made a promise to **empower** women peace leaders, **collaborate** with like-minded peace organizations, and **impact** families for healthy and harmony.

For all the women in your life, together let's keep that promise!
