GIVING FOR GOOD

#GivingforGood #WfwpUSA

After deeply praying about how to assist families at this time of Covid-19, Women’s Federation for World Peace (WFWP) **International Senior Vice President Dr. Sun Jin Moon conceived the vision for this #GivingforGood project.** Upon further reflection she found it had multiple benefits, to:

- Encourage families to declutter, creating a cleansed and renewed atmosphere to enjoy this extended time spent at home together.
- Take part in reducing how much is being sent to landfill, to support our planet earth and generations to come.
- Provide an opportunity to raise money for oneself, and support the ongoing, meaningful work of Women’s Federation for World Peace with a donation of your choice.

After positive response, she excitedly **shared with her Mother, WFWP Founder Dr. Hak Ja Han Moon.** Mother Moon immediately asked what she could do to help, and opened her closet, carefully selecting 11 items to help jump-start this project.

Today, May 15th, 2020, we are thrilled to officially launch this #GivingforGood project! As such, we are sharing with you the first exclusive previews of Dr. Hak Ja Han Moon’s donated items. *Stay connected for the backstory behind these treasured items, and how they will be posted for sale.*

We are so moved by Mother Moon, also known as the Mother of Peace, who gives and pours her full heart into everything she does to bring God's unconditional love to all. **Just one week from today Dr. Hak Ja Han Moon's autobiography will be coming out in English on Amazon.com**, and we cannot wait to deep dive into her incredible, historic life. We highly recommend purchasing your very own copy, as **there is no doubt this book will profoundly inspire and transform your life!** Find out more at motherofpeace.com.

If taking action for positive environmental change, and supporting the work of Women's Federation for World Peace are important to you, follow in Mother Moon's footsteps and **consider getting involved in this project!** Together, we can help break the cycle of over-consumption and pollution of the earth!

GIVING FOR GOOD

#GivingforGood #WfwpUSA

Did you know that the average American throws away 81 pounds of clothes per year? Globally, only 20% of textiles are recycled or reused, which leaves 26 billion pounds of clothing going to landfills each year worldwide, the majority of which are made of non-biodegradable, synthetic material.

To create awareness of environmental issues like these, we are excited to share our #GivingforGood project. This project was initiated by our Women's Federation for World Peace International Senior Vice President Sun Jin Moon, as she felt strongly compelled to do something to preserve our planet and care for the well-being of our future generations. And as we are spending much more time at home due to Covid-19, it gives us the opportunity to spend quality time with our families to sort through our belongings, and to find new homes for our items to be truly treasured.

By participating in the #GivingforGood project, you help spread awareness of these issues, while encouraging sustainable practices, such as buying and selling secondhand. It also serves as an avenue to raise money for yourself at this crucial time, and to support the work of Women's Federation for World Peace USA with a donation of your choice.

Although this project can be carried out on any day, **we invite you to join our #GivingforGood community launch party by posting your items for sale on May 15, 2020.** See the How-To Guide below to join in. Together, we can break the cycle of

Thanks to supporters like you, in the past few years over 9,700 women of all ages were educated and empowered to use their gifts and talents for the pursuit of peace and to lead with heart. An additional 11,000+ were reached through radio and TV programs promoting our motto "Living by the Logic of Love".

Through leadership retreats, seminars, reconciliation programs, service projects and many more local and national programs, women are taking action and nurturing positive relationships for genuine peace in their families and communities.

Help Women's Federation for World Peace promote the vision of Leadership of the Heart! So, together we can continue to empower women with the knowledge, skills, and supportive community to discover their unique value and bring lasting peace.

Your donation will go toward development of critical materials and curriculum to enhance local programs. Over 200 volunteers in our 35 chapters nationwide--women who are as passionate as you are about

peace --are bringing a voice of love and compassion to communities in America. Your support will guarantee the continuation of projects such as the "National Day of Service" for middle and high school students, "WFWP Girls" in New Jersey, "Leadership of the Heart Seminars" and "Cornerstone for Happiness: Marriage and Family Seminars" nationwide, and many more.

Comments from WFWP program participants:

"Where do I start? I'm beginning to grasp the power of this movement and healing solution of the motherly heart of love and forgiveness! Learning how to believe in myself and let go of the "self-centered fear" and insecurity and allow God to work! Invest in yourself so you can continue to invest in others."

"I learned to let go, and let God. I try to control everything and God has told me multiple times, multiple ways and I have been resisting. I will own it now."
