Dear friends,

This is a reminder for our upcoming National Weekly Prayer call, which is a continuation of a previous prayer effort of our WFWP national chairwomen. It is also an initiative toward bringing healing and positive change to our hurting nation.

We invite you to join in this universal prayer effort as we will open the call with a prayer and read two paragraphs on page 250-251 from the memoir of WFWP Founder, Dr. Hak Ja Han Moon, entitled “*Mother of Peace: And God Shall Wipe Away All Tears from Their Eyes.*” Then we will have brief reflections from participants, ending with prayer and remarks from WFWP USA President Angelika Selle. This will take no longer than 20 minutes, and we have also attached the paragraphs we will be reading from tomorrow (see below).

We trust that you will come away inspired and enriched by participating in the national prayer for peace.

With warm regards,
Angelika Selle

Reading for Saturday, July 4, 2020:

"At this time, women need to follow Heaven's way, attend True Parents, and become central figures who together with men bring forth a new world based on the culture of heart. We need to rid ourselves of fallen traits and realize the original culture, bringing to fruition the nation and world of goodness and love long sought by humanity. This begins at the center of the world - the home - where each woman embraces her husband as the embodiment of true love, and raises their sons and daughters with the heart of a true parent.

Based upon God's providence, my husband and I have called women to take the lead in the creation of families that embody God's original plan - families in which the wife lives for her husband, the husband for his wife, the parents for their children and children for their parents. Such a family will overflow with love and God's blessings will come to stay. Women need to walk the path of a true mother and, at the same time, the path of a true wife and the path of a true daughter. Women have the magical power to create harmony and to soften hearts. Brides build bridges. The world of the future can be a world of reconciliation and peace, but only if it is based on the maternal love and affection of women. This is the true power of womanhood. The time has come for the power of true womanhood to save the world."
