Dear friends,

Thank you to all those who joined and participated in our National Prayer call on Saturday, July 11th, as an initiative toward bringing healing and positive change to our hurting nation.

We invite you to listen to the recording in case you missed it and share it with those who you feel would benefit from it. **Our prayer focus is to 1) bring God into our families, society and into our nation as the first and highest reference point of all faith traditions, 2) healing ourselves and our nation, and 3) collaboration among women and mothers of all races in bringing solutions to our current social ills.**

Again we opened the call with a powerful prayer for peace and reconciliation and read two paragraphs on page 250-251 from the memoir of WFWP Founder, Dr. Hak Ja Han Moon, entitled *"Mother of Peace: And God Shall Wipe Away All Tears from Their Eyes."* This was followed by brief and profound reflections from participants, closing with prayer and remarks from WFWP USA President Angelika Selle. Please review the paragraphs that were read on the call if you like below.

May we continue to pray for peace, and we look forward to connecting with you again this Saturday.

With
Angelika Selle

warm

regards,

Reading for Saturday, July 11, 2020:

"At this time, women need to follow Heaven's way, attend True Parents, and become central figures who together with men bring forth a new world based on the culture of heart. We need to rid ourselves of fallen traits and realize the original culture, bringing to fruition the nation and world of goodness and love long sought by humanity. This begins at the center of the world - the home - where each woman embraces her husband as the embodiment of true love, and raises their sons and daughters with the heart of a true parent.

Based upon God's providence, my husband and I have called women to take the lead in the creation of families that embody God's original plan - families in which the wife lives for her husband, the husband for his wife, the parents for their children and children for their parents. Such a family will overflow with love and God's blessings will come to stay. Women need to walk the path of a true mother and, at the same time, the path of a true wife and the path of a true daughter. Women have the magical power to create harmony and to soften hearts. Brides build bridges. The world of the future can be a world of reconciliation and peace, but only if it is based on the maternal love and affection of women. This is the true power of womanhood. The time has come for the power of true womanhood to save the world."
