Dear beloved participants of our National Prayer Call for Healing,

Thank you from the bottom of my heart, for your sincere and heartfelt participation in this 8-week effort and investment to "HELP TURN THE TIDE" in America! This last prayer call was truly a most powerful and significant one, as we felt that everyone's investment, spoken or unspoken was felt and offered up like fruit on the table of the Lord. Thank you again!

We are now participating and supporting the National Peace Road Tour, where many of our prayers of repentance, forgiveness and reconciliation will be able to manifest in a more substantial way. WFWP USA is one of the lead sponsors of this tour which began already today in Jamestown VA, and continues in Plymouth Rock, MA, where the early beginnings of our country are recorded.

We invite you to join the tour virtually, and also in prayer, as a greater collective effort to touch America's heart and revive its original spirit of God-centered people whose actions reflect holiness, respect and love to all wonderful peoples and races whom our Creator has brought together on this North American Continent. You can follow the national Peace Road

tour on their Facebook page at facebook.com/peaceroadusa. To find out more about what the Peace Road is, visit their website at peaceroadusa.org/what-were-doing.

Stay also tuned for further info on upcoming national prayer calls!

Thanks to all women, mothers, and also men and fathers, who joined in this 8-week prayer effort!

May God bless you richly, your families, and may all make God once again the center of our lives so that God can heal and bless America!

With love and gratitude,

Angelika Selle

President, WFWP USA

Vice-President, WFWP Int'l North America

Reading for Saturday, July 25, 2020:

"Every one of us needs to feel deeply grateful for being born. There is not one person whose birth is meaningless. Moreover, no person's life is his or hers alone. Heaven, earth, and all things in the universe interconnect through lines of latitude and longitude. Peace means that all the energies in the entire world, and in the entire universe, are in harmony. Therefore, no one should belittle his or her life. We should deeply realize that everyone is a precious being, born through the sacred workings of the universe."
