Dear women, mothers and ladies of peace,

**Greetings in this season of Thanksgiving!**

As our nation finds itself in challenges on many levels, we continue to come together in a circle of prayer, reminding ourselves and each other of what is truly important and unchanging in our lives.

Please join us for our third national prayer call this coming **Saturday, November 21, 2020 at 1pm EST**, as we continue to gather every other week, on every 1st and 3rd Saturday of the month, ending on January 16, 2021!

We will be using texts and speeches from Dr. Hak Ja Han Moon, our Founder, as a source of inspiration and discussion including her recently published Memoirs entitled: "**Mother of Peace - And God shall wipe away their tears.**"

Beginning with an opening prayer and brief spiritual reading, we will hear reflections and insights from participants and close with prayer and comments from WFWP USA President Angelika Selle.

We know without a doubt that when women and mothers come together in prayer, things change within us and around us! As a non-political/partisan global

organization, we affirm our Creator and spirituality as a prerequisite for positive change for hope and healing, and for TURNING THE TIDE of humanity for the better.

Inviting women and mothers of all races, faith traditions and conscience to come together in this **"Interfaith Women's Prayer Circle of Peace and Healing for America."**

**Looking forward!**

Angelika Selle

**Founder's Address Dr. Hak Ja Han Moon at the World Summit on February 4, 2020 on Becoming God's Children:**

*"I would like to say this: For the past 6,000 years, humanity has existed almost like orphans, parentless and feeling lost. Humans have been living in a self-centered way, so they could not see the whole, thereby engendering many problems. Today's climate issue is clearly one of these problems. If we leave this situation as it is, what is going to happen? The Earth will have no future. Yet, even now it is not too late. If we can become one in attending our Heavenly Parent, if we can ask for His wisdom and enable Him to work, we can restore the Earth to its pristine beauty when God first created it. Let us ask God how we can do this. Our Heavenly Parent, please guide us and we will do as you say. I wish to encourage this kind of movement!"*
