

## WFWP USA: See what we can achieve for peace together!

Angelika Selle  
December 8, 2020

One thing hasn't changed: when we work together, we can achieve amazing things!

WFWP women peace leaders have been working tirelessly this year to bring the Culture of Heart to many more families and communities, at a time when it is sorely needed. Love, joy, hope, peace, these precious things are absolutely achievable with education, caring, and strong and active networks of peace builders.

Will you lend your support to keep this mission going for greater peace in 2021?

Help women share their nurturing and resilient hearts with the world!

*"The time has come for humanity to tune our ears to the sound of heaven."*

*- Dr. Hak Ja Han Moon*

This year has been a whirlwind of unexpected challenges. We've had to adapt our daily lives to new circumstances, manage our own stress, and care for our families and communities in new ways. Having a larger community of people dealing with the same challenges, available to us night and day on social media, has been a blessing. There are countless voices and personalities online with advice, resources, and sympathy that we can tap into. But there is one community that we feel is unmatched in providing a place of inner renewal, where women can connect with the big vision of Creating a Culture of Heart: Women's Federation for World Peace USA!

Your kind donation today will ensure that women sharing the Culture of Heart can continue programs like our Global Women's Peace Network Forum series, which brings the wisdom of business and academic leaders, and many others, into the service of a new culture.

This season of giving, our goal is to raise \$15,000 by December 31st. Your support will keep WFWP strong in 2021! Together we can continue to empower women with knowledge, skills, and a supportive community to discover their unique value and create lasting peace.

A few highlights from this year:

- Over 12,000 people received WFWP education through social media, TV, and radio
- Nearly 1,000 people participated in WFWP education programs
- Over \$12,000 was raised by the Northern California chapter for our Schools of Africa

- WFWP Girls in New Jersey delivered “Bags of Love” gifts to healthcare workers
- Partnership with Stand Up to Poverty’s Haiti medical mission trip
- “Turn the Tide” weekly phone prayer circle

Comments from WFWP program participants:

*"I am looking forward to this happening growing bigger worldwide. It was fun and brought much happiness to everyone."*

*"I [am] inspired as a woman. I can't give up. I am a builder of peace that starts with me, my family, and society."*
