Reading for Saturday, April 10, 2021, from Mother of Peace by Dr. Hak Ja Han Moon, page 257 (or page 269):

"True love moves on a circular path. Where it starts or ends, no one knows. Love within limits is not true love. True love is always new, yet is unchanging. Circumstances and environments change, but true love is the same. It does not grow old or stale; it is ever fresh, in spring, in summer, in autumn and winter, in your youth, your adulthood and your old age.

True love is the power that unites a man and a woman eternally. When you love each other completely, your beloved lives within you and you live within your beloved. True love is the only thing people really are seeking. It transforms every sadness and pain into joy. The fallen world programs us to think that when we give something away, it is gone. In true love, however, the more we give, the more we receive. When our mindset changes from wishing to receive love to wishing to give love, the world of peace will be at hand."
