As an organization motivated to embrace the world with the heart of a mother, Women’s Federation for the World Peace (WFWP) is continuing its annual contribution to the Schools of Africa Project. Inspired by our Founder, Dr. Hak Ja Han Moon’s initiative to serve underdeveloped nations, 2022 marks the 30th anniversary of WFWP’s mission to serve those in need with love and compassion. Thanks to the support from local chapters, supporters, and generous donors, WFWP USA has sent over \$549,000 to support ten schools across eight countries in Africa.

These funds have helped to continually maintain the schools, finance school supplies, improve buildings and classrooms, secure funds for scholarships to low-income students, and much more. Since 1994, these schools have provided meaningful opportunities to 20,000 graduates, and continue to provide an education to 2,000 students.

However, it is not over yet. There is still much we can do to support these children! Therefore, WFWP USA is hosting our “Shine Africa: The Power of Education - Schools of Africa Benefit & Cultural Program” on Sunday, August 7th at 5 pm EST. On the occasion of our 30th Anniversary, our goal is to raise \$30,000 for this worthy project and the children and families it serves. In addition to raising donations, it is our hope for each participant to dive into the joys, colors, and especially heart of various African cultures. As well as hearing stories of how these schools have transformed lives. We excitedly invite you to experience this with us!
