Culinary art course

Donation

Students of the New Hope Technical Institute in Rwanda share their Appreciation

As you are aware, Women's Federation for World Peace (WFWP) USA has been raising funds to support our ten schools in Africa. We recently received a wonderful thank you from the [New Hope Technical Institute](#) in Rwanda. Our support of \$2,485.00 from WFWP USA enabled them to acquire new supplies to assist students in their education: Cooking appliances were given to the culinary arts program, sewing machines for the tailoring course, and mannequin heads for the beautician and hairdressing courses.

Tailoring course

Donation

Message from student

A big Thank You to all who donated and created fundraisers in 2022 to raise money for our WFWP Schools of Africa Program. All donations received are transferred once a year to various schools based on the needs communicated to us. Admin costs are carried by WFWP USA. We will continue to update you as we receive reports and thank you messages from the different schools.

Below is a picture report submitted by Marie Nozaki, WFWP project director in Rwanda.

Background about the New Hope Technical Institute

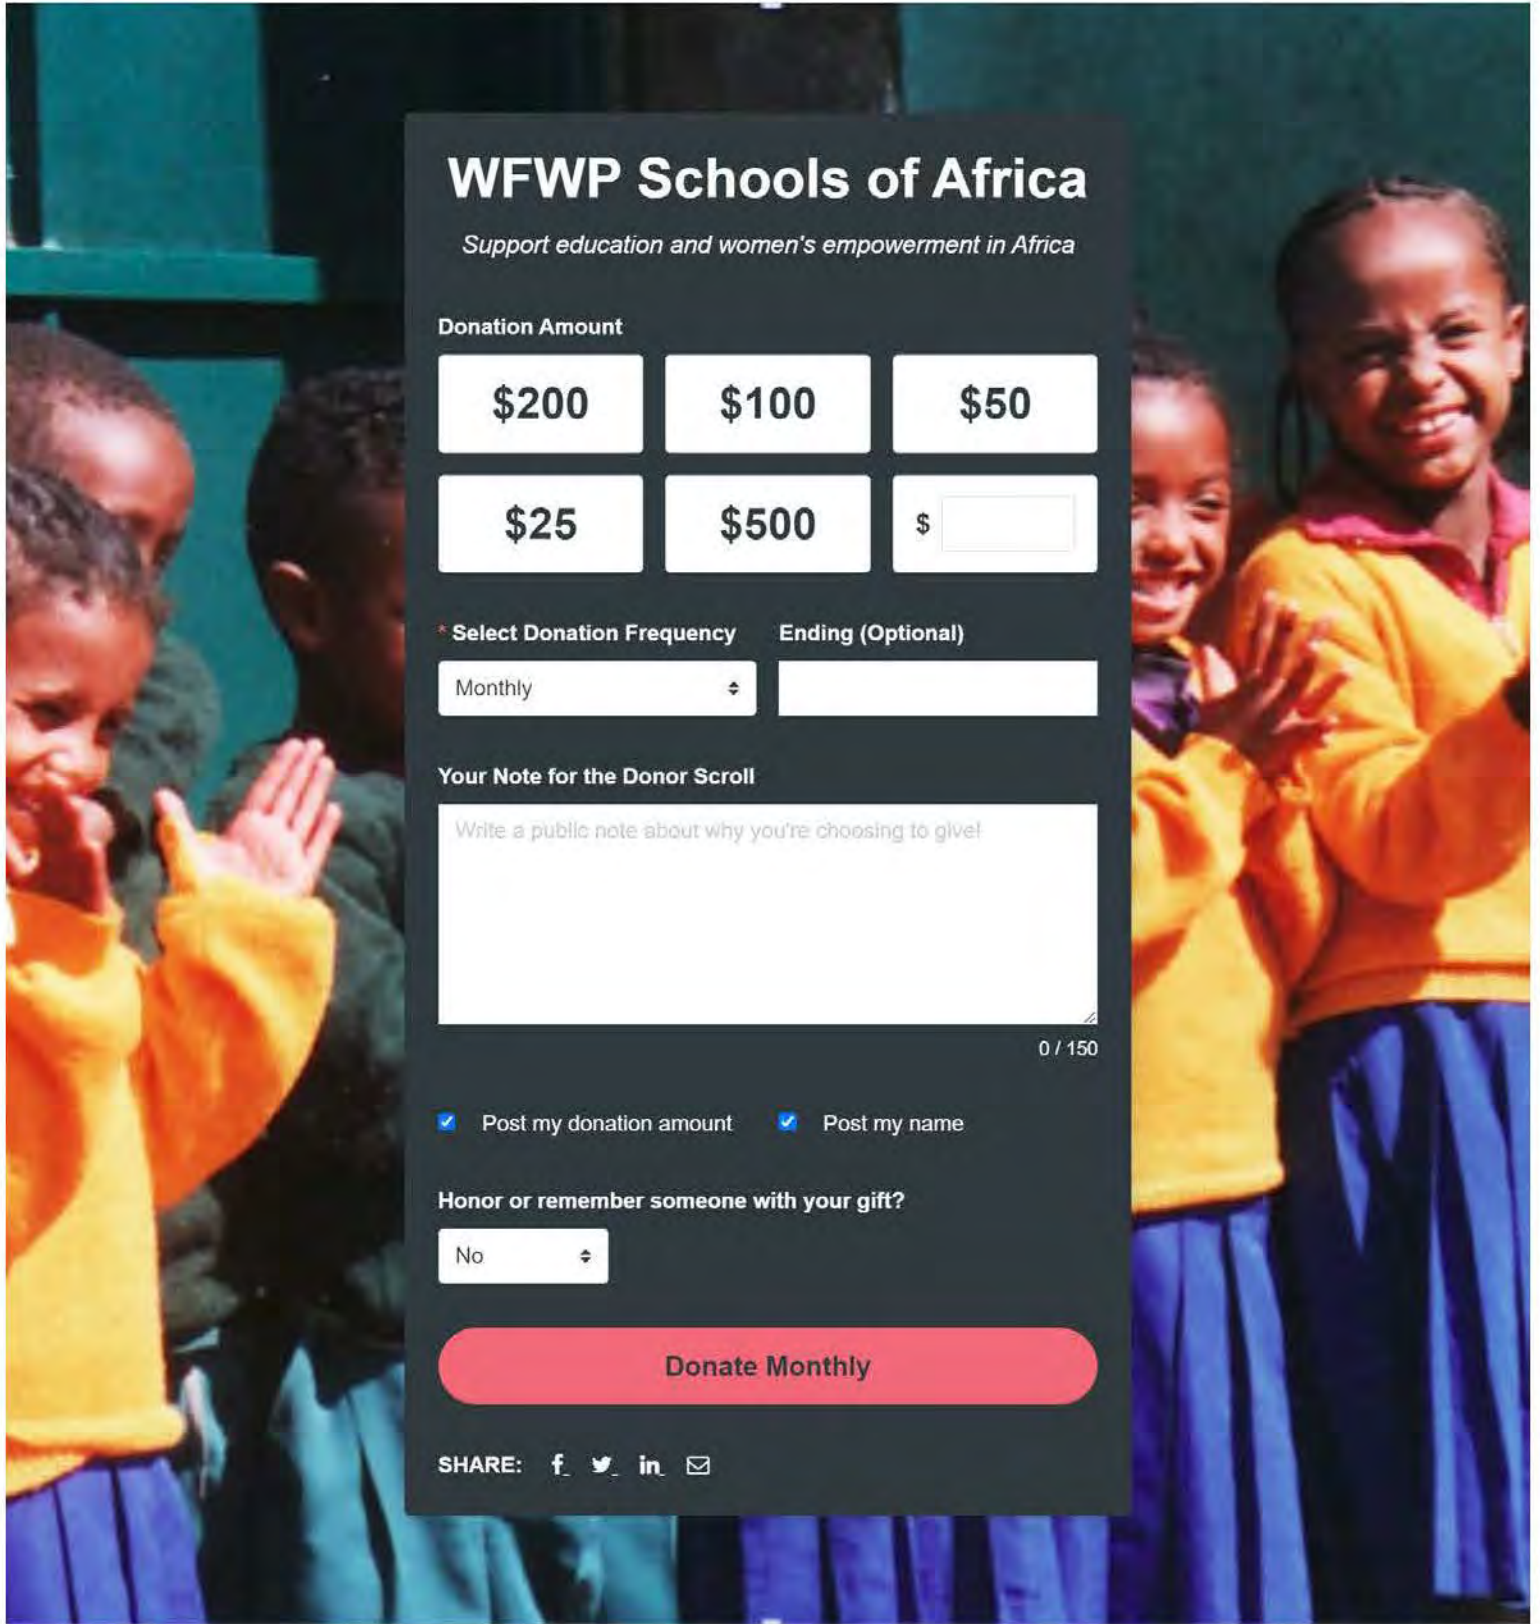

New Hope Technical Institute

The Institute was founded in 1998 with an objective to help women become financially independent post civil war. The school also accepts many men, such as ex-soldiers, especially since 2007, when it was recommended as a school promoting a project sponsored by the World Bank. Since 1999, students who have financial difficulties have been aided through a sponsorship program. Students also take courses in English, French, and Business Administration. Courses are further enhanced by support from international volunteers.

"We know your effort is not in vain."

WFP USA
Director of Operations

In 2017, contributions WFP USA donors and supporters made it possible for the construction and expansion of Senegal's women social school JAMOO.

"I am very happy right now. I will make clothes for my mom and sister. I am grateful to you and JAMOO. JAMOO is my family. The teachers and the other students are very kind. I am very happy. I will tell you my appreciation from my heart. Thank you very much."

Aida Diopou (1st grade class 2018)

The Peace Hana School in Liberia received a \$15,000 grant from WFP USA at the end of 2019. This helped pay for the rent of the building for two years. They also built a new fence, bought 50 new chairs and desks, repaired the school partially, and prepared some pieces of equipment for the school reopening. The rest of was used for teachers' salaries.

Thanks to the support of 2016, the Sun of Mozambique High School was able to make the changes necessary to foster a supportive learning environment through various school improvements. As a result, 2017 - 2018 marked an excellent year for academic achievement among the students.

Thank you!
from hundreds of students
and families in Africa!

In the early 90s, the founders of WFP commissioned 1600 volunteers from WFP Japan to serve in underdeveloped nations. With willing hearts, these women went to the poorest nations, to neighborhoods in every corner of the world. They started schools, fed the undernourished, and worked to empower women.

Inspired by their dedication, WFP USA initiated the "Schools of Africa" project to financially support 9 schools founded by those faithful volunteers.

You can donate by clicking above or mailing a check to WFP USA, 481 8th Avenue, Suite 608, New York, NY 10001

SUPPORT FROM WFP USA

Each year, WFP chapters across the country hold dynamic and creative fundraisers for the Schools of Africa. Fundraising events may take the form of tag sales, silent auction galas, or luncheons that celebrate African food and culture.

Since 2002, thanks to many generous donors, WFP USA has sent over \$410,000 to the schools.

This invaluable support has helped the schools purchase critical materials for lessons and provide scholarships to impoverished students. Contributions from WFP USA has also supported school feeding programs, expanded and improved facilities, and paid for skilled staff. Many of the schools operate in the poorest neighborhoods, and have come to serve as a source of stability to their communities.

MAKING A DIFFERENCE

Azama (left), graduate of New Hope Technical Institute, now works as a beautician. She learned massage therapy from Haruna at New Hope.

"One day my manager started to lay off workers but fortunately I am still working because I know how to massage which customers appreciate. I can continue to help my family. I really thank Haruna and New Hope."

Virgilio, graduate of Sun of Mozambique, who now works as Country Manager for an engineering consulting firm.

"I would like to take the opportunity to thank so much the Women's Federation for World Peace for...everything that you've been putting into the education of Mozambicans."
