Dear friends and supporters of WFWP,

We are happy to celebrate our 24th anniversary of Women's Federation for World Peace on April 10, 2016 together with you!!

We feel that the purpose and founding of this organization by our Co-founders was indeed necessary and foresightful. Undergirded by a unique and universal teaching, WFWP has empowered the hearts of many to become compassionate leaders, to strengthen their family relationships, and to do something about our social ills.

On this day our thanks goes out to all those who overcame many obstacles to spread the great works and message of our Co-founders. We honor your vibrant and ongoing contribution to WFWP!

With warm wishes,

Angelika Selle

Who We Are:

WFWP is a dynamic organization that is committed to providing women with the opportunity to create lasting peace in the world, through talks, forums at the United Nations, luncheon programs, racial and religious reconciliation projects, personal healing and healing of relationships seminars as well as national and international conferences, benefits, and service projects.

WFWP USA asserts that the family is the cornerstone of peace in the world, and that mature couples are the foundation for strong and loving families. Our organization encourages every woman to become a "woman of peace" through cultivating her heart, the mother's heart, to care not just for her own children but for the children of others, the children of other nations, the children of the world, by developing and expressing the qualities of empathy, forgiveness, and unconditional love.
