Greetings of love and hope from WFWP USA!

The energy and excitement is building as we prepare for this year's 24th Anniversary National Assembly in Fairfield, NJ!

As our esteemed subscribers, I would like to invite you personally to take the time out and experience one of our national events, which always turn out to be uplifting, educational, empowering and even healing for those in attendance.

We invite mothers and daughters, husbands, associate colleagues, friends and family, to explore and celebrate this "new" type of leadership which we feel is desperately needed during this crossroads our nation is experiencing at this time.

We believe that "Compassionate, Sustainable Leadership" is needed to address our serious problems in a different way, maybe the only way that will yield actual SOLUTIONS for betterment in all areas of our society.

Please take a close look at the enclosed materials, check out our website, and consider attending this year. Your presence WILL make a difference, as we affirm, that **each person can and is already making a difference and impacting others. The question is HOW?**

Looking forward to seeing you and meeting you there in person!

Warmly and Sincerely,

Angelika Selle

President, WFWP USA
