### Happy Birthday Women's Federation for World Peace!

26 years ago today, Rev. and Mrs. Moon inaugurated the Women's Federation for World Peace before a filled Seoul Olympic Stadium. Mrs. Moon then traveled the world, and in October of 1992 inaugurated the USA chapter of Women's Federation for World Peace. At this gathering she declared,

*"We are now entering an age of globalization. Ours is a time where the conflicts between cultures and races, and the walls of ideology and language, no longer keep us from realizing the creation of one, unified world. It is not by chance that we women are holding this conference today. We are called by history.*

*Starting now, in this year of the woman, we must be the model movement of true love for the whole world. We must begin with ourselves and unify our minds and bodies and become vertically connected with God's true love. We must then live for the sake of others to bring about love and understanding with those around us."*
