

## Stand for Values - Become A Friend

Angelika Selle  
July 12, 2018

Dear friends and families,

Greetings in this month of July, where we celebrate and commemorate our nation's early beginnings and independence. As I had mentioned in our Fourth of July greeting to our subscribers (and I paraphrase) America today has come far away from its original founding principles of putting God, our Creator, first and living by godly principles, and as a result there is much left to be done.

WFWP USA has declared July as the "Stand for Values - Become A Friend" month, promoting the alignment back to these principles and what matters most. Our hope is to rally together and coalesce men and women, families and communities to stand for the values outlined in our WFWP Friends tenants, and to commit to appropriate action in strengthening the fiber and back bone of our nation.

Please, take a moment and click on the link below, and also forward it to your friends, neighbors and friends.

Stand for Values - Make Peace A Priority - and Sign the Pledge TODAY! [www.wfwfp.us/becomeafriend](http://www.wfwfp.us/becomeafriend)

Together we can and will make a difference and turn the tide for the better!

Here is to a healthy and strong America that lives for and serves others!

Sincerely,

Angelika Selle  
President, Women's Federation for World Peace USA
