At a recent international leaders gathering in Korea, Dr. Hak Ja Han Moon appointed Dr. Sun Jin Moon as Senior Vice President of Women's Federation for World Peace (WFWP) International. Sun Jin Moon gladly accepted her new position, ready to work in close collaboration with WFWP International President Mrs. Julia Moon. Less than two weeks later, over 50 women gathered at the New Yorker on September 1 to warmly welcome Sun Jin Moon and her husband In Sup Moon to WFWP.

Following a brief gifting of flowers and cake cutting, Angelika Selle, President of WFWP USA, gave a presentation of the structure, goals and strategy of WFWP USA for Vision 2020 and beyond. Then, Sun Jin Moon sincerely thanked everyone for the warm welcome. She articulated that she wants to learn from these women and support the wonderful and substantial work that has been accomplished. She emphasized the importance of women's work and thanked all the women in attendance for their sacrifice,

service and investment over the past decades. She then permitted questions and was met with an abundance of responses, personal testimonies, and queries, including a request for Sun Jin Moon to conduct a meditation.

During the QandA and testimonies, Sun Jin Moon listened to each person with respect, understanding and compassion, and responded with love, sometimes tears, and always with a hug. In closing, Sun Jin Moon expressed her gratitude for the rich love of the women in WFWP and that she looks forward to working together for peace.
