

FFWPU Europe and Middle East 2nd Generation, Blessing Preparation Workshop

Song Yong cheon
February 2025

① Blessing Preparation Workshop lecture ② European future generations participating in the Blessing Preparation Workshop

In February, a Blessing preparation workshop was held in Bad Camberg, Germany, organized by the European Second Generation leadership. Through this workshop, various educational programs and activities were conducted to help participants deeply understand the meaning of the Blessing and put it into practice.

Participants reflected on the value of the Blessing, resolved to cherish the faith traditions of their first-generation parents and inherit the lineage of Heavenly Parent and True Parents. This workshop became a meaningful time for second-generation young adults preparing for the Blessing.
