### Faith & Growth Stories

#### ■ *The Grand Epic of the Chosen Han People*

*This lecture expressed exactly what I felt but couldn't put into words. I always knew the Divine Principle was the truth, but as I grew, I felt that something was missing. Through prayer, I connected with Heavenly Parent's heart and how we continue to misunderstand Heavenly Mother. This made me realize how far we are from Her heart. I am determined to deepen my study, not just to learn but to truly embody Her love and truth.*

*J.H - Uruguay*

#### ■ *Resonance Prayer*

*I've learned that prayer is essential for connecting with Heavenly Parent. Through prayer, I feel closer to Heavenly Parent and can share my thoughts, struggles, and gratitude. Prayer is more than just words - it's a way to open my heart and seek guidance, comfort, and strength. In these quiet moments, I feel His presence, reminding me that I'm never alone. Prayer has become a vital part of my daily life, helping me stay centered and aligned with Heavenly Parent's will.*

## Faith & Growth Stories

### ■ Divine Principle

*CheongPyeong is where I could open up without judgment. The lecture helped me realize how powerful love within a family can be for healing. I finally could see that my family had been supporting me with love all along, and that realization helped me begin to feel again my emotions that had been numbed for so long. During this workshop, I also felt love from everyone around me, and little by little, I reconnected with my emotions - happiness, sadness, even anger. For the first time in over a decade, I was able to cry and truly feel. This experience brought me closer to God's heart and helped me reconnect with my own.*

### ■ True Parents Life Course

*I've learned so much about the life of Holy Mother Han, and her story has truly inspired me. Her dedication, love, and deep faith in Heavenly Parent have shown me what it means to live with purpose and selflessness. Through her life, I've come to understand the importance of humility, sacrifice, and unwavering devotion. Holy Mother Han's example encourages me to live a life that reflects these same qualities, striving to bring peace and love to the world around me, just as she did.*
