

## FFWPU UK: Welcome International FFWPU President Yong-cheon Song!

Michael Balcomb  
May 23, 2023

Following various personnel changes and restructuring, Song Yong-cheon, who many in our community know from his time living at Livingstone House, has been appointed as International President of Family Federation for World Peace and Unification.

Song Yong-Cheon has been appointed as International President of Family Federation for World Peace and Unification. He is known to many in our United Kingdom community as he spent many years based in Livingstone House.

We would like to congratulate him on being appointed to this role and hope this means he will be visiting the United Kingdom and Europe more in the future. We welcome him back with open arms!

The change was made following many organisational changes and personnel appointments announced by FFWPU International Headquarters.
