## Unity in the Faith

[MORE DETAILS](#)

We believe in Harlem. However, we know that Harlem is hurting, challenged by causes both physical and spiritual in nature. Therefore, in order to uproot the problem, the people of faith must come into unity, allowing the love of God to pour over the lands and awaken the people.

For years we as faith leaders have advocated for unity, but have been unwilling to truly be with one another, to know one another's heart, and stand together for the building of His Kingdom. Now more than ever before, Harlem needs us to stretch our hearts and come together in unity.

We believe this begins with prayer. Let us come together, will you join us? These 21 days we expect God to perform miracles, we expect our hearts to grow closer, we expect that God's direction for how to bring peace and harmony to Harlem will reveal itself.

## Clergy Prayer Coalition for Harlem

The American Clergy Leadership Conference (ACLC) and the Young Christian Leadership Conference (YCLC) were founded with a simple, yet profound mission: to rebuild the family, restore the community, renew the nation and the world.

It has always been the vision of ACLC since its inception in 2001 to gather Christian leaders who champion God's true values for the family. With the birth of YCLC in 2019, that vision has continued through the intentional raising of transformational pastoral leadership in the rising generation.

ACLC and YCLC in NYC have placed its emphasis on Harlem understanding that it is truly the cultural capital of the city, and therefore the nation and world. Therefore, change in Harlem is a change in the world.
