

Bay Area Family Church: Thank you God and True Mother for this victory

Kevin Thompson
December 4, 2020

Dear,

Greetings from Las Vegas where our beloved True Mother arrived safely and is clearly in good spirits. She looks very happy and healthy for a 77 year old who had major knee surgery. She is here to deliver to prophetic message to America on Saturday. Please make sure you and your family members are registered and can attend at 3 PM. I think it's significant that right as True Mother arrived in America and at the end of the 40 day devotional offered by Dr Yong and brothers and sisters, that the UCI case could be resolved in favor of the church.

This is what I reported to True Mother:

Thank you God and thank you True Mother for this fantastic victory for Gods Providence. The UCI fiasco has been a scourge on our movement for many years causing pain to True Parents and also many brothers and sisters who dedicated their whole lives to the fish Providence and have seen their offering desecrated through this shameful time. We are elated for our True Mother to bring this victory on the day that she returns to America. Surely God is with True Mother as she moves ahead with restoring all things. We pray for the day when beloved Hyun Jin Nim can humble himself and return to True Parents and take his responsibility as a True Son.

Victory, Victory, Victory.

Thank you for all that you do for God's Providence. Let us March forward together to greater and greater victories.

Pastor Thompson
