

Bay Area Family Church: True Mother's short visit to the US went very well

Kevin Thompson
December 11, 2020

Dear,

True Mother's short visit to the US went very well. Because of coronavirus and 2 knee operations, she wasn't able to visit America for a long time. She stayed very briefly because upon return to Korea she needed to start a 14-day self-quarantine which she wanted to get beyond in time for her schedule including a Christmas program.

In these last few weeks of this tumultuous year of 2020 let's conclude this year with prayer and determination. Everything that has happened this year is merely preparation for God's Providence to enter the next phase in 2021 and if we have hearts filled with gratitude, forgiveness and love then we shall see great things happened in the next year.

God bless

Pastor Thompson
