

Bay Area Family Church: The Seunghwa anniversary of our beloved True Father

Kevin Thompson
August 21, 2021

This week we will remember the Seunghwa anniversary of our most beloved True Father. (See official notice). Please join in the celebration and let's remember the man who touched each one of us very deeply. Because of True Father and Divine Principle we are One Family Under God and the teachings of True Parents has the potential to change this fallen world into God's original ideal. We were all privileged to know the greatest man who every lived.

With all the horrible news these days it is hard to keep hope. All the more reason why we need to more strongly connect to God. If we are saddened by what we see in Afghanistan this week, imagine how heartbroken God must be. There are so many problems in the world and it is only through God our Heavenly Parent that we will find solutions. True Parents, as God's representatives on earth can usher in a better world, a world centered upon the heart of God rather than greed and selfishness.

Our Continental Director, Dr Yong is expected to come to the Bay Area on August 30 and we will most likely have a meeting with him at church on Tuesday night.

Look out for further details.

I invite anyone who would like to join Sunday evening Bible study at 6:00 to send me an e-mail and I'll send you the link.

God Bless

Pastor Thompson
