Brothers and sisters,

We pray that you are in good spiritual and physical health these days.

Congratulations to Kristina Seher. It was announced in the Cheon Shim Won devotion in Korea that Kristina is the first person in our movement to have an accomplished 43 individuals who have received the full Blessing.

In Korea our church brought a huge growth in membership last year. Based on the spiritual foundation of prayers at CheonShimWon and the determination of our members to be able to spread the news of True Parents. I believe we can do the same here in America. Let's utilize our Cheon Shim Won, morning prayer every day and make strong determination to introduce as many people as possible. I expect that each of our families can introduce at least one other family to your local church.

Let's move forward together with True Mother into 2024 and beyond.

Blessings,

Kevin and Masako Thompson
