November 15th, 2024

Brothers and sisters,

I just returned from San Antonio, Texas where we held a National Leadership Summit with President Dunkley and a representative from IHQ came to find out what we are doing in America with our 3 Campaigns. Our results have captured True Mother's attention and especially IHQ wanted to know exactly what we are doing. It was a very uplifting and inspiring meeting in which we analyzed what we have done so far, celebrated our victories and made determinations for the next 21-day sprint from November 18th.

On Monday evening at 8:00pm PST I will offer a Providential Update on where things are at in our American Church now. You can watch by zoom if you are not near BAFC. (see below)

Let's continue to make a great effort to bring victory for heaven.

God Bless,

Kevin and Masako Thompson
