Brothers and sisters,

I certainly hope that Thanksgiving was excellent for you and filled with joy. However, it doesn't really matter because every day should be a day of thanksgiving, shouldn't it?

How can we show our thanksgiving to the God who gave us life, love and lineage? We should walk in gratitude constantly. Imagine if every day was like Thanksgiving or Christmas. Everyday let us express our gratitude to God, our gratitude for all that we have in life, especially for our families and our friends of faith.

Besides verbalizing our gratitude we can show our gratitude in acts of returning joy to God. Right now our American movement has 3 campaigns taking place, as you know. How great it is for God when we connect new people to a relationship with God and introduce our True Parents to them. This is the **NEW MEMBER CAMPAIGN**.

Also, we know that True Parents main mission is to claim God's lineage back from Satan. Therefore when we can bring our own young people (those born from the Blessing) to continue the Blessed lineage this brings immense joy and satisfaction to God and True Parents. So, our **BLESSING CAMPAIGN** is to remove as many blocks as possible to receiving the Cosmic Blessing. That means we want to be able to engage with every young person who was born through the Blessing to let them know that there is a path forward for them.

To be ONE with True Mother at this time means to know what is at the forefront of her mind and heart. That would be the opening of the Cheon Won Gung in April of 2025. True Mother is excited and personally overseeing every detail of this great palace for God. Hence the **3rd Campaign** which is to raise an offering to support the construction and beautification of this magnificent home for God. We are asking that you make a special offering to support True Mother and help to make a condition of absolute unity with True Mother. Where there is unity God can work and claim victory.

So, even if you already gave please consider giving again. Our goal is to get every member to make a contribution, an offering. It is not only about the amount of money that we can raise but also about the amount of participation that we can collect. I urge you to make a pledge of how much you can give before April next year. Report your pledge so that we can see how we are doing with our American offering. Remember, you can't outgive God. "Where your treasure is, that is where your heart is."

God Bless,

Kevin and Masako Thompson
