

**Attend a meeting once a month any you will be considered an active member**

Kevin Thompson

Brothers and sisters,

Thank you for all that you do. Many of our churches had rational Parents Day events and summer festivals of one kind or another. It all looked very exciting.

Last week I was in Alaska for the conclusion of Ocean Challenge in Kodiak and the Parents Day concert in Anchorage. While there Tonya Neo and Masami Kageyama were installed as pastors of those two communities.

In our national quest to get the word out about True Parents and reach the long anticipated 30,000 members which Father asked us to reach in the 1970's we are looking to establish our baseline of how many active members we have to start off toward that goal.

The most important people of that 30k are our already existing, incredibly faithful and consistent members. Therefore we will be taking attendance at each of our events, Sunday Service and every other event, including tribe meetings.

Anyone who attends a meeting 1x a month will be considered an active member. That includes online attendance if you identify yourself as being there.

God Bless,

Kevin & Masako Thompson
