# **WEST REGION FAMILY NEWSLETTER**

Dear brothers and sisters,

The news coming from Korea is more and more disturbing with True Mother suffering severe nosebleeds.

Surely the cruelty of the Korean government must be exposed and the Mother of Peace released.

Let us continue our own area of responsibility as we strive to create fruitful lives, heavenly relationships and make an impact in our spheres of impact.

Last week we were with President and Mrs. Dunkley in Seattle, Tacoma and Bellingham.

President Demian took questions and in each location he shared deeply, honestly and transparently which inspired everyone who attended.

He is currently in Korea and will resume the tour next week and will soon be coming to a community near you, so stay tuned.

God Bless,

Kevin and Masako Thompson
