WEST REGION FAMILY NEWSLETTER

Dear brothers and sisters,

As you have heard, True Mother had surgery on her shoulder after having a series of falls in the detention cell where she has been held. Falls for seniors are very, very serious matters and so it is for Mother. At least she can recover in her hospital bed with better care.

As we prepare for the Blessing on May 2nd in which many young couples from our area will participate there is still the uncertainty of whether Mother will be able to be there in person or will she designate someone to step in on her behalf to conduct the ceremony.

Nevertheless we wish all those who are going to the Blessing to be filled with love and Grace and to have the deepest experience possible.

God Bless,

Kevin and Masako Thompson
