### Important Statement from HQ

#### The Era of Cheong Pyung is over.

The Second King of CIG [Hyung Jin Moon] wants every blessed family to know that ancestors in the spiritual world are very upset with the Han Mother and her disobedience in True Father. Ancestors needs to know that God's lineage is firmly established through the Three Kingship providence. This is a very important aspect of the upcoming Ancestor Liberation and Blessing being held this coming Sunday, December 6th at Sanctuary Church.

For more information about the Liberation Ceremony, go to the Sanctuary-PA.org website
