

Become a CARP Ambassador to Japan

Naokimi Ushiroda
March 25, 2016

Have you always wanted to share your passion for CARP with others around the world? This is your chance to become a CARP Ambassador to Japan. This trip has been organized by CARP HQ and CARP Los Angeles and we are inviting students from across the country to join.

This year CARP is celebrating its 50th anniversary and Japan has played a vital part in upholding the standard of CARP throughout this long history. The purpose of this trip is to inherit this foundation of CARP in Japan and step up in our role as CARP America.

CARP Ambassadors will get a chance to visit CARP Japan on campus in Tokyo and Kyoto as well as other historical sites that were important to the establishment of CARP and the vision that the CARP founders intended. There will also be a visit to the Waseda University where True Father, CARP founder, studied during the early time of his life as well as sightseeing and experiencing Japanese culture.

The dates for this trip are **May 25 to June 6, 2016**.

The estimated expense for the duration of the trip is \$2000 (flight cost not included). If you are interested in going, we encourage you to get support from your communities, friends and families or organize fundraising activities.

There are only a few spots, so candidates will be contacted and interviewed before being selected. Fill out the form below to apply!

If you have any questions, please contact Nina (nina@carplife.org).
