Topic All I Ever Really Need to Know I Learned...on YouTube - Reimagining Higher Education: Badges, Microcredentials, CBE, CLR etc.

Description We invite you to join us for our next Faculty Roundtable event on Tuesday, May 4 featuring Senior Associate Dean and Registrar Ute Delaney. Her presentation is entitled, "All I ever really needed to know I learned... on YouTube. Reimagining Higher Education: Badges, Microcredentials, CBE, CLR etc."

Institutions of Higher Education as well as the Seminary have heard this a lot: Your graduates don't know or can't do what I want them to do; what they learned is not useful in the job market; and so on. And many young people don't think higher education is needed for them to get ahead in life.

Institutions have struggled to address these issues, businesses jumped in to make a buck, and professional organizations have been trying to set up a framework to be used by institutions. This talk will touch upon the why, the how, and the various approaches that are out there, and asks the question whether the Seminary should get on the bandwagon or not.
