Argentina - UPF-Argentina launched its 2021 "Leadership and Cooperation" series on July 14, 2021, with a speech by Christian Oreb, general coordinator of Red Cooperar Buenos Aires (1). The objective of this series is the "formation and training of leadership for participation and commitment, seeking to provide resources and examples of good practices to address the challenges for a more empathetic, cooperative leadership, focused on solutions and with a peace perspective."

"Participation and Commitment/Operative Leadership in Civil Society" was the topic of the first meeting, broadcast on UPF-Argentina's YouTube channel, with more than 240 views (2). This initiative, which will take place the third Wednesday of each month, is organized by UPF-Argentina and its different leadership areas: Parliamentarians for Peace (IAPP), Interreligious Association for Peace (IAPD), Media Association for Peace (IMAP), Academicians for Peace (IAAP); and Youth and Students for Peace (YSP) Argentina.

Christian Oreb shared concepts and experiences about operative leadership in civil society organizations, raising questions from the audience which he answered after his presentation. He briefly talked about leadership types and the idea-action relationship. He differentiated volunteerism from voluntarism, and then showcased social voluntarism as a leadership practice. "Operative leadership in the CSO is a team effort and represents a system of exchange and reciprocity in many aspects: formative, civic, and spiritual," he stated.

"The founders of all these organizations have promoted a leadership centered on 'true love,' in other words, to live for the sake of others, according to the divine ideal for humanity and the creation. The goal is to have everyone develop and coexist in harmony, for which many saints and patriots sacrificed themselves," affirmed Dong Mo Shin, regional director of UPF-South America during the opening remarks.

The screenshot shows a Zoom meeting interface. The main window displays a presentation slide from the Universal Peace Federation (UPF) Argentina. The slide title is "Ciclo 2021 'Liderazgo y cooperación'" and the topic is "Participación y Compromiso – Liderazgo Operativo en las OSC". The slide content includes a diagram with four interconnected circles: COOPERACIÓN, PARTICIPACIÓN, COMPROMISO, and LIDERAZGO. Below the diagram is a table titled "TIPO DE LIDERAZGO – TÉCNICAMENTE" listing five types of leadership: Emergente, Emprendedor, Democrático, Carismático-Transformacional, and Ético, each with a brief description. At the bottom of the slide, it states: "La UPF promueve un liderazgo basado en claros principios, en valores y en una convicción de fe, capaz de empatizar con los demás y sus representaciones, bregando y trabajando colectivamente por y para la paz, a partir del buen ejemplo, la cooperación y una participación socialmente responsable, entusiasta y comprometida, que contribuya a modificar u optimizar positivamente la realidad." To the right of the slide, there are three video thumbnails of participants: Christian Oreb, Miguel Werner, and Mariela Spangenberg.

"We have leadership crises and conflicts, mainly due to particular and sectoral interests; a crisis and conflict of values, dominantly material. Thus, UPF promotes a 'new level of leadership,' as expressed in its foundational mission," explained Miguel Werner, president of UPF-Argentina, briefly justifying the context that gave rise to this series.

"The vision of Youth and Students for Peace (YSP) is to create a peace culture all around the world, where the norm is to seek the benefit of others," announced Emanuel Sayavedra, president of Youth and Students for Peace (YSP) Argentina. He moderated the opening of the series along with Mariela Spangenberg, journalist and host of "Pasaporte Cultural" and member of the International Media Association for Peace-Argentina.

The series will continue on July 21 with Patricia Pitaluga, president of Acercando Naciones, who will address "Teamwork + Fair Game + Clear Rules." Upcoming speakers will be Juan Bautista Segonds, president and founder of Rugby sin Fronteras (Rugby without Frontiers); and Silvia Carranza, President of CILSA, which is an NGO that promotes inclusion. The end of the series is scheduled for November 17, when certificates will be rewarded to dedicated participants.
